

## Azle Area Relocated Seismicity 2011 - 12/31/2013

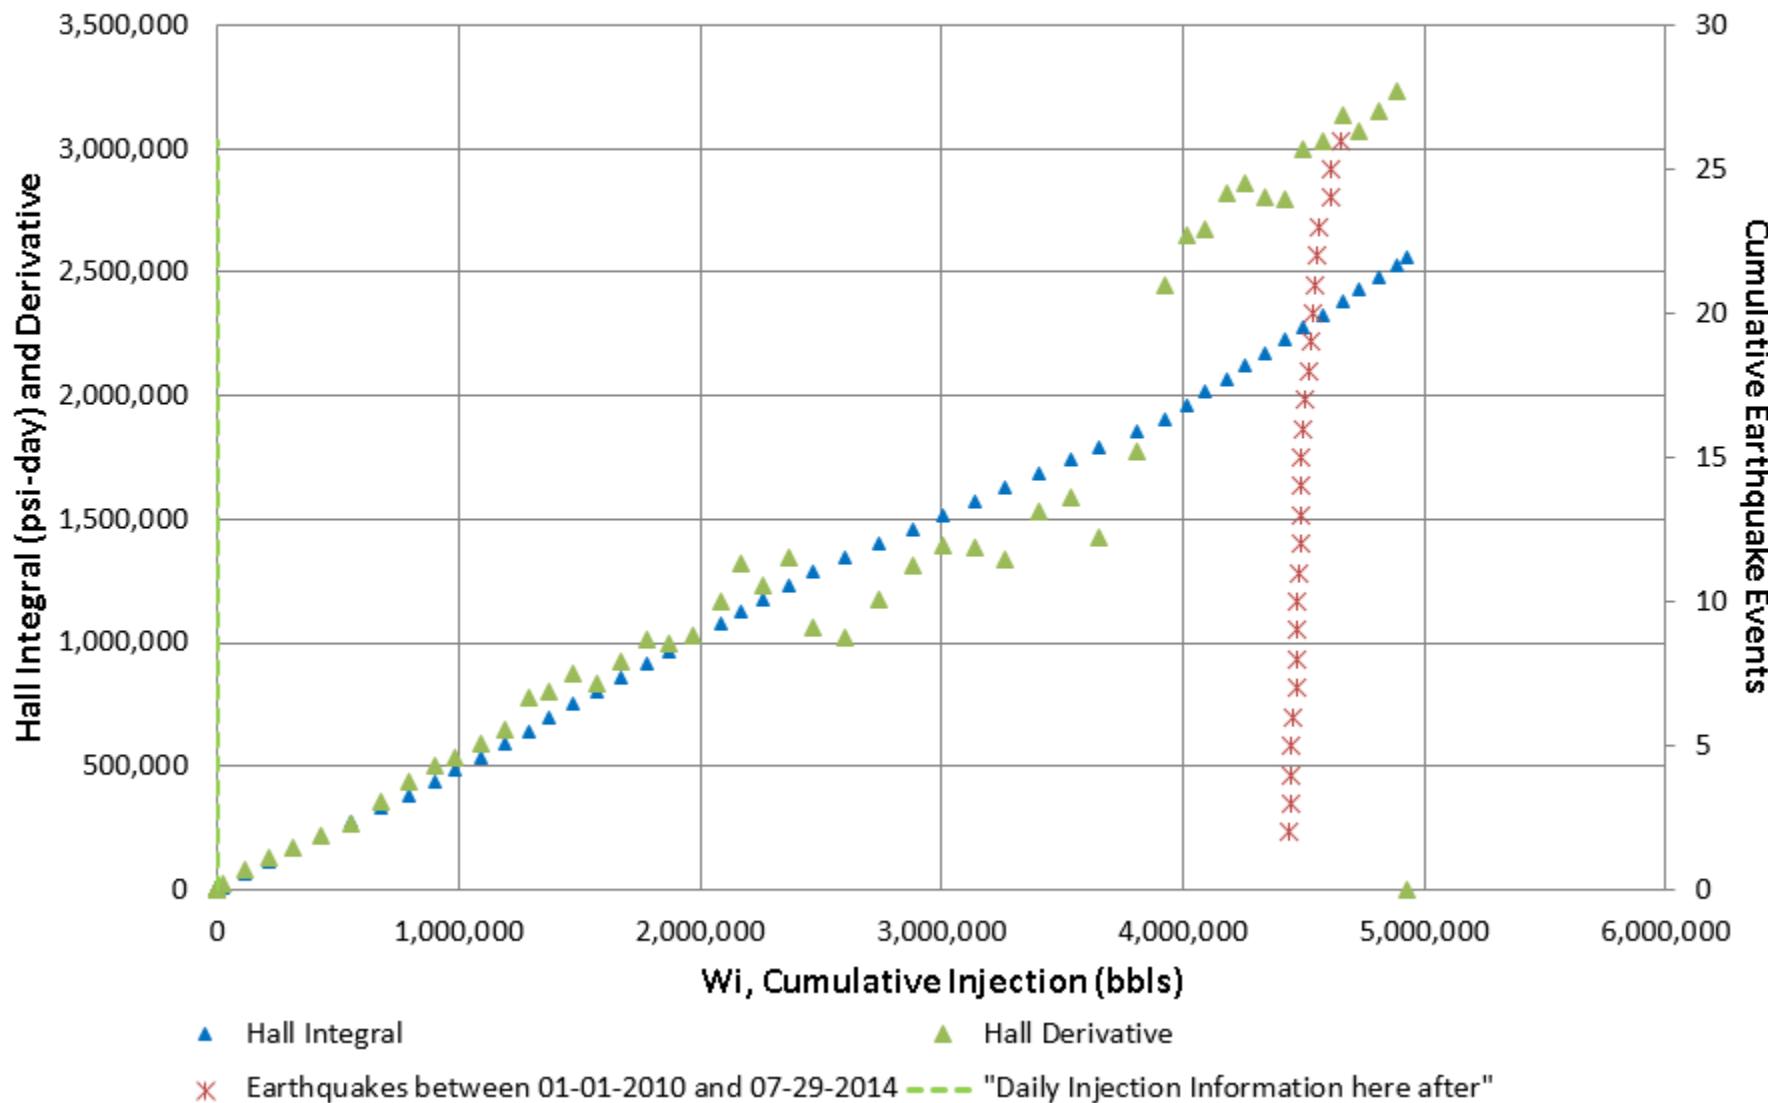

### Regional relocated data

- |                                 |   |
|---------------------------------|---|
| ★ 0-3.0                         | pre_Atoka_faults                            |
| ★ 3.1 - 6.0                     | Barnett faults: Gonzales, 2005              |
| ★ 6.1 - 7.5                     | georeferenced from Ficker after Ewing, 1990 |
| ● Azle Relocated Events         | georeferenced plate from Pollastro, 2007    |
| ● Analyzed Azle Injection Wells |   |

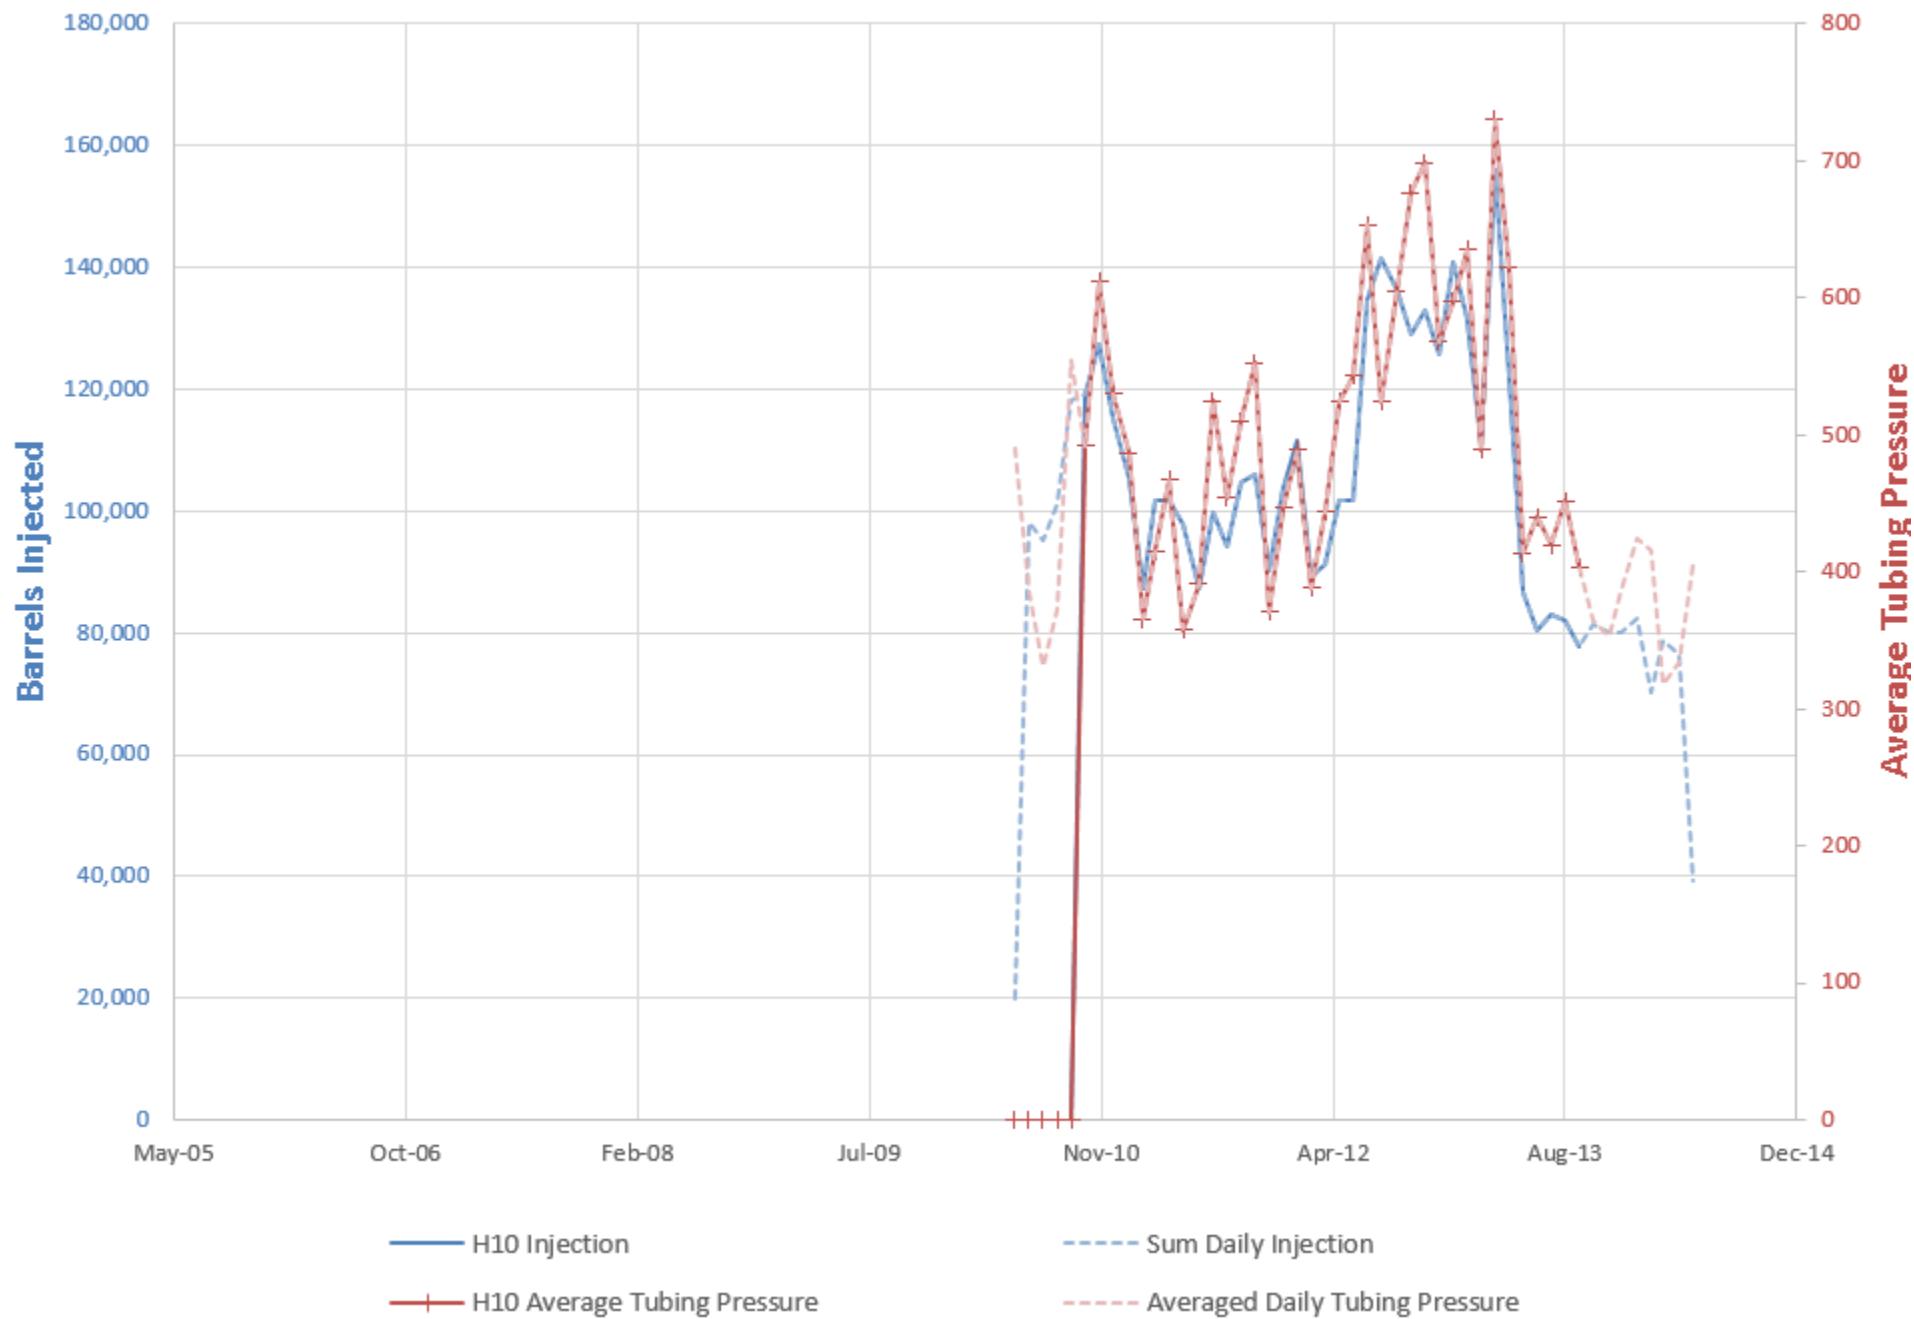

## Briar SWD 1: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

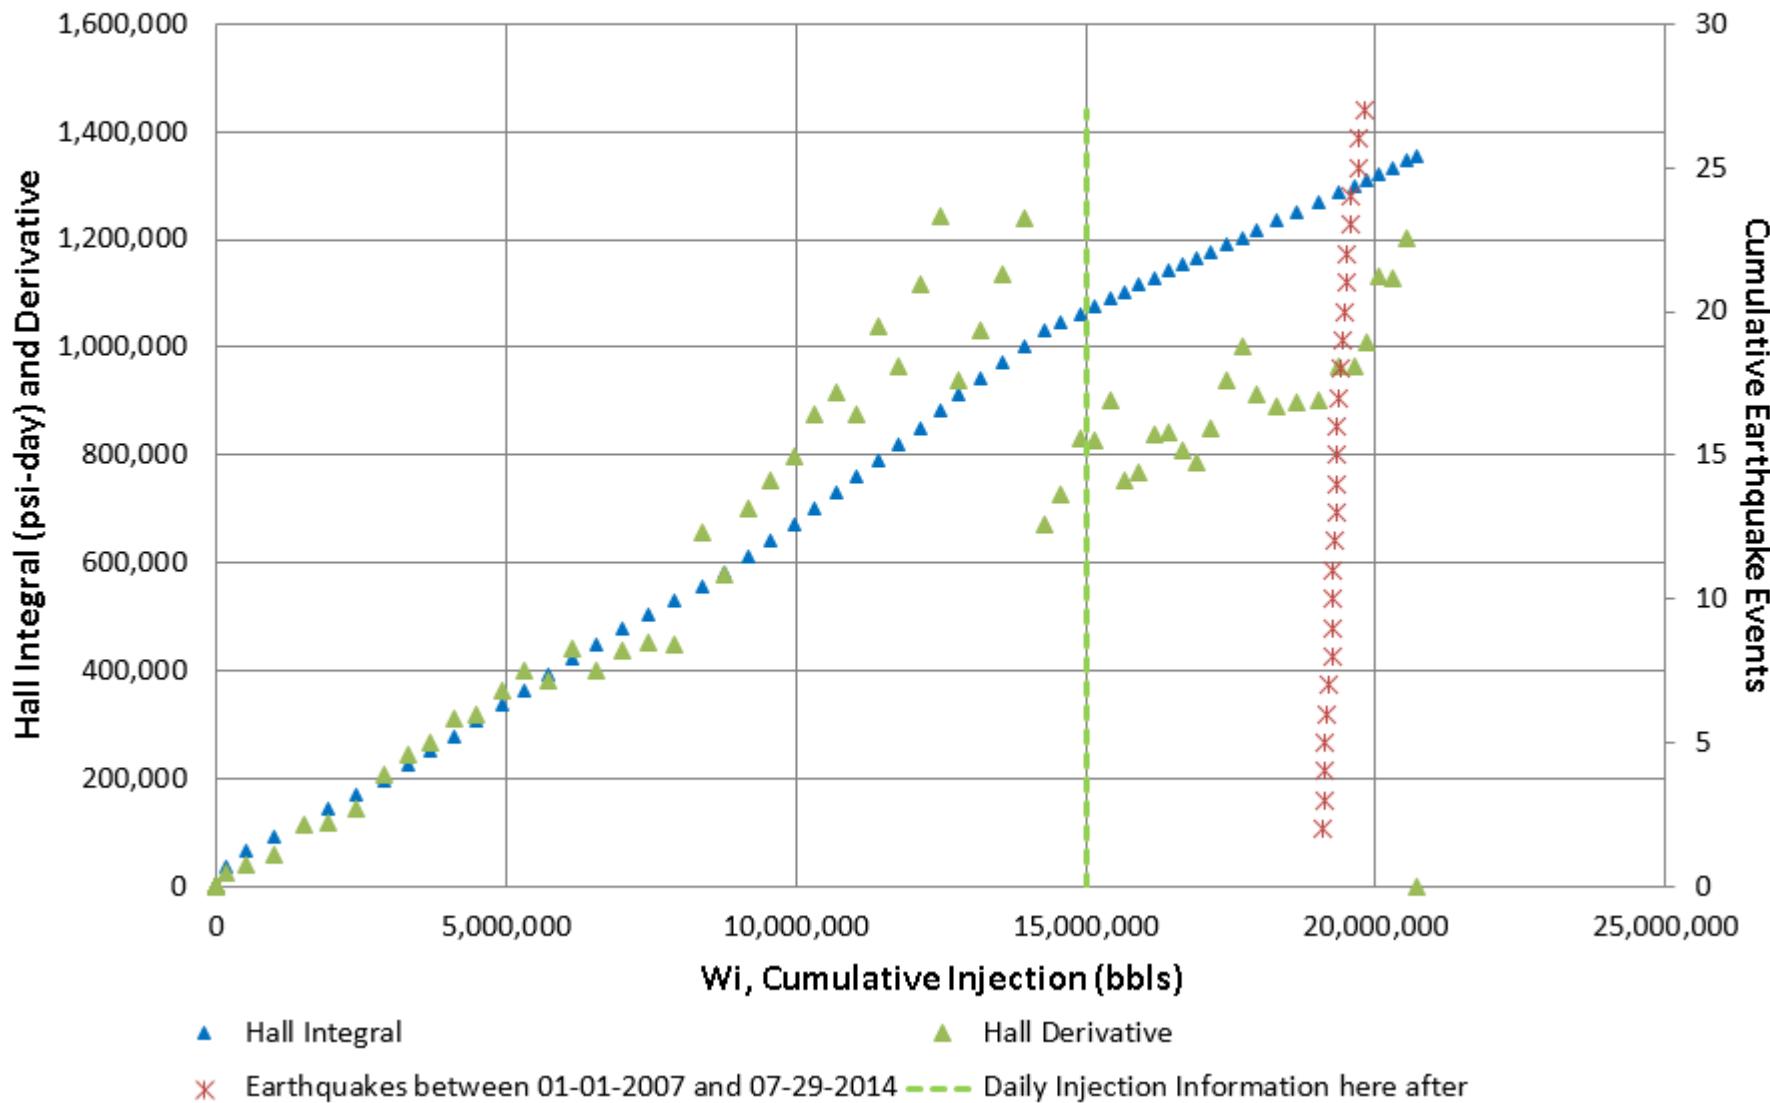

## UIC 95391, Briar 1

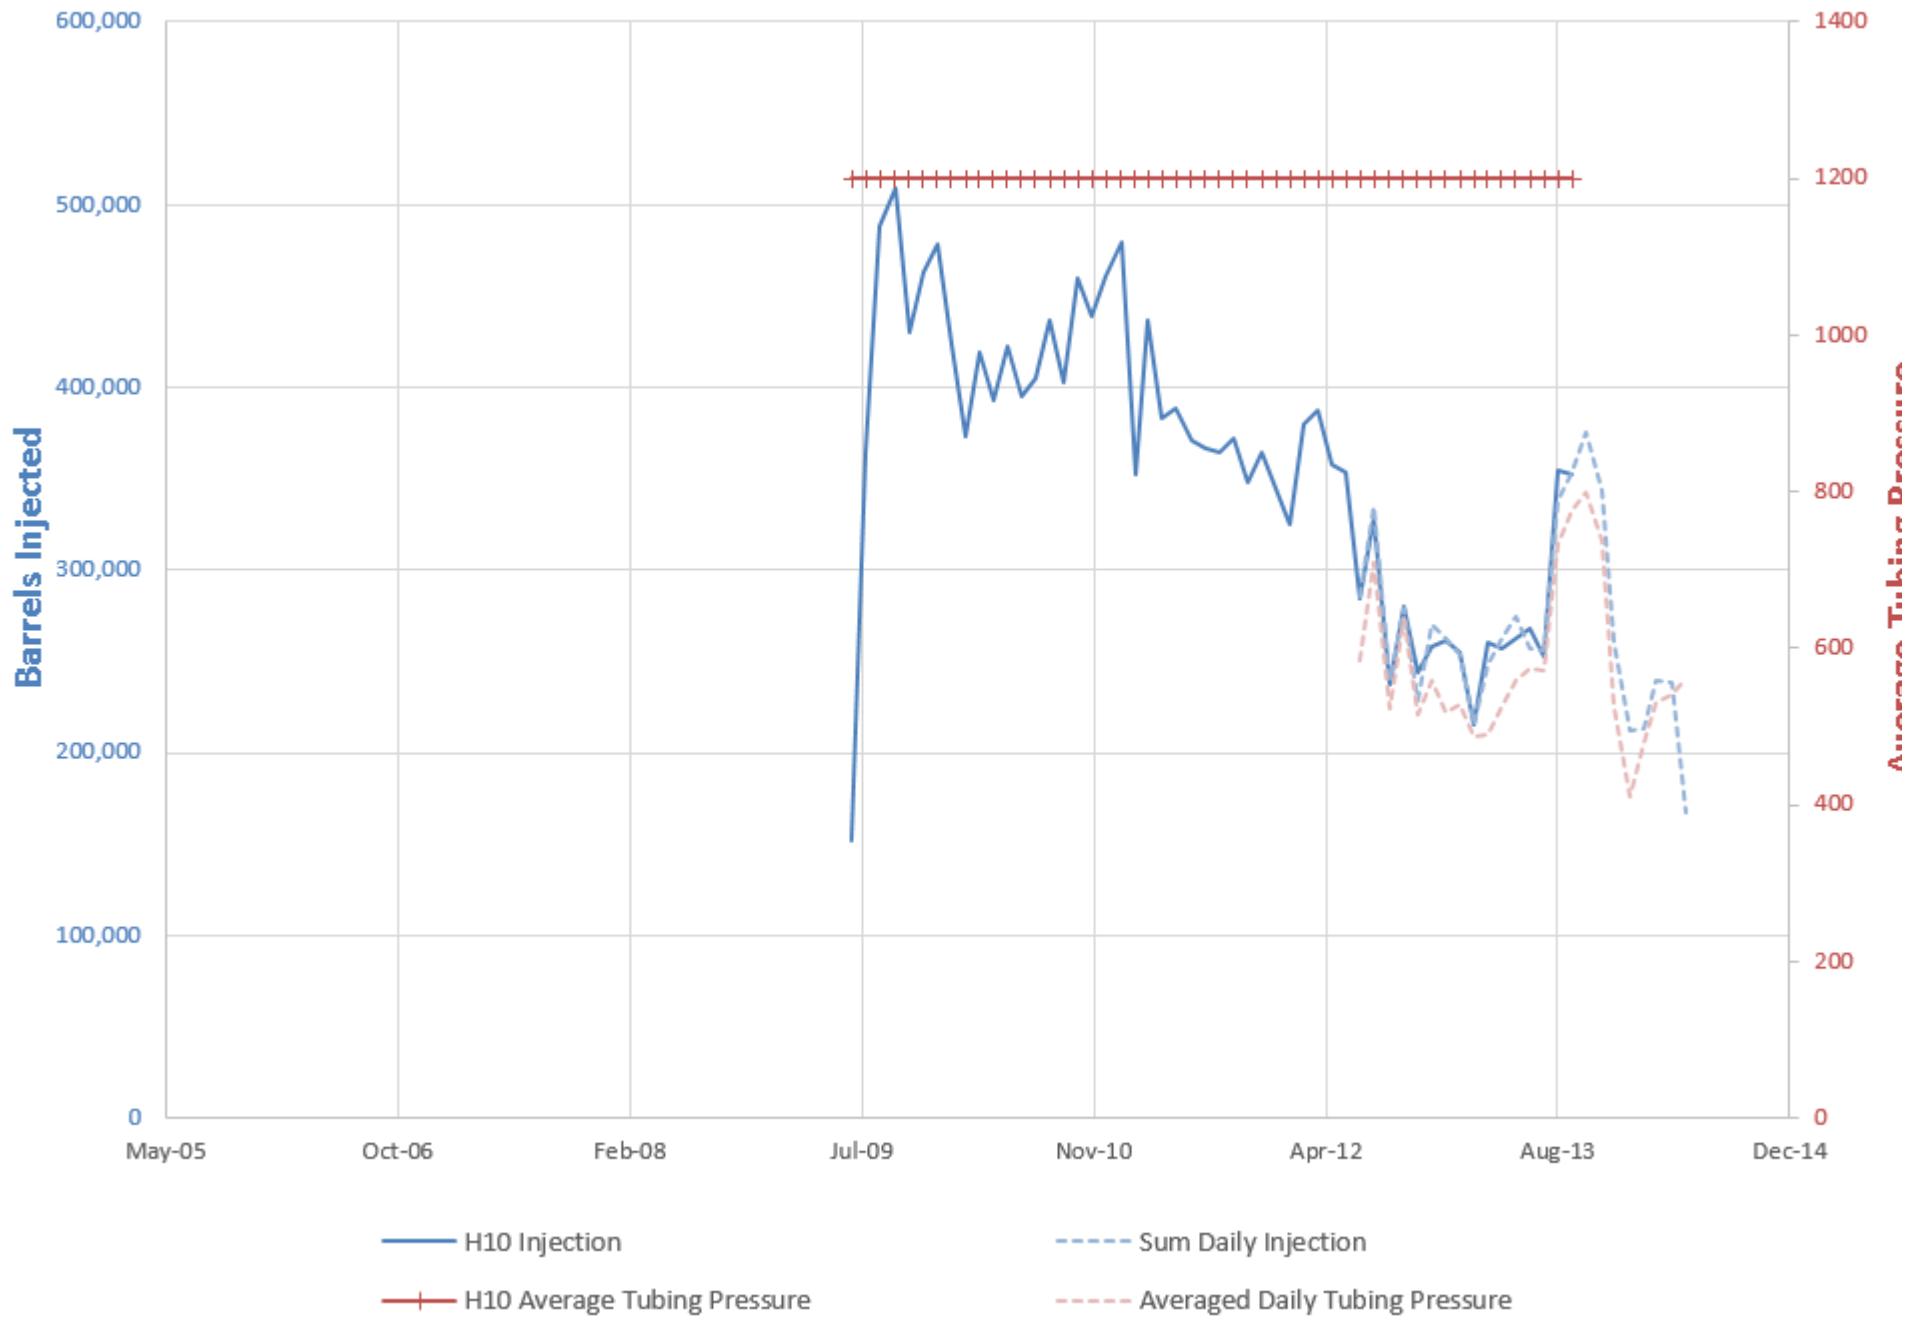

## West Lake SWD 1, UIC 100265: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

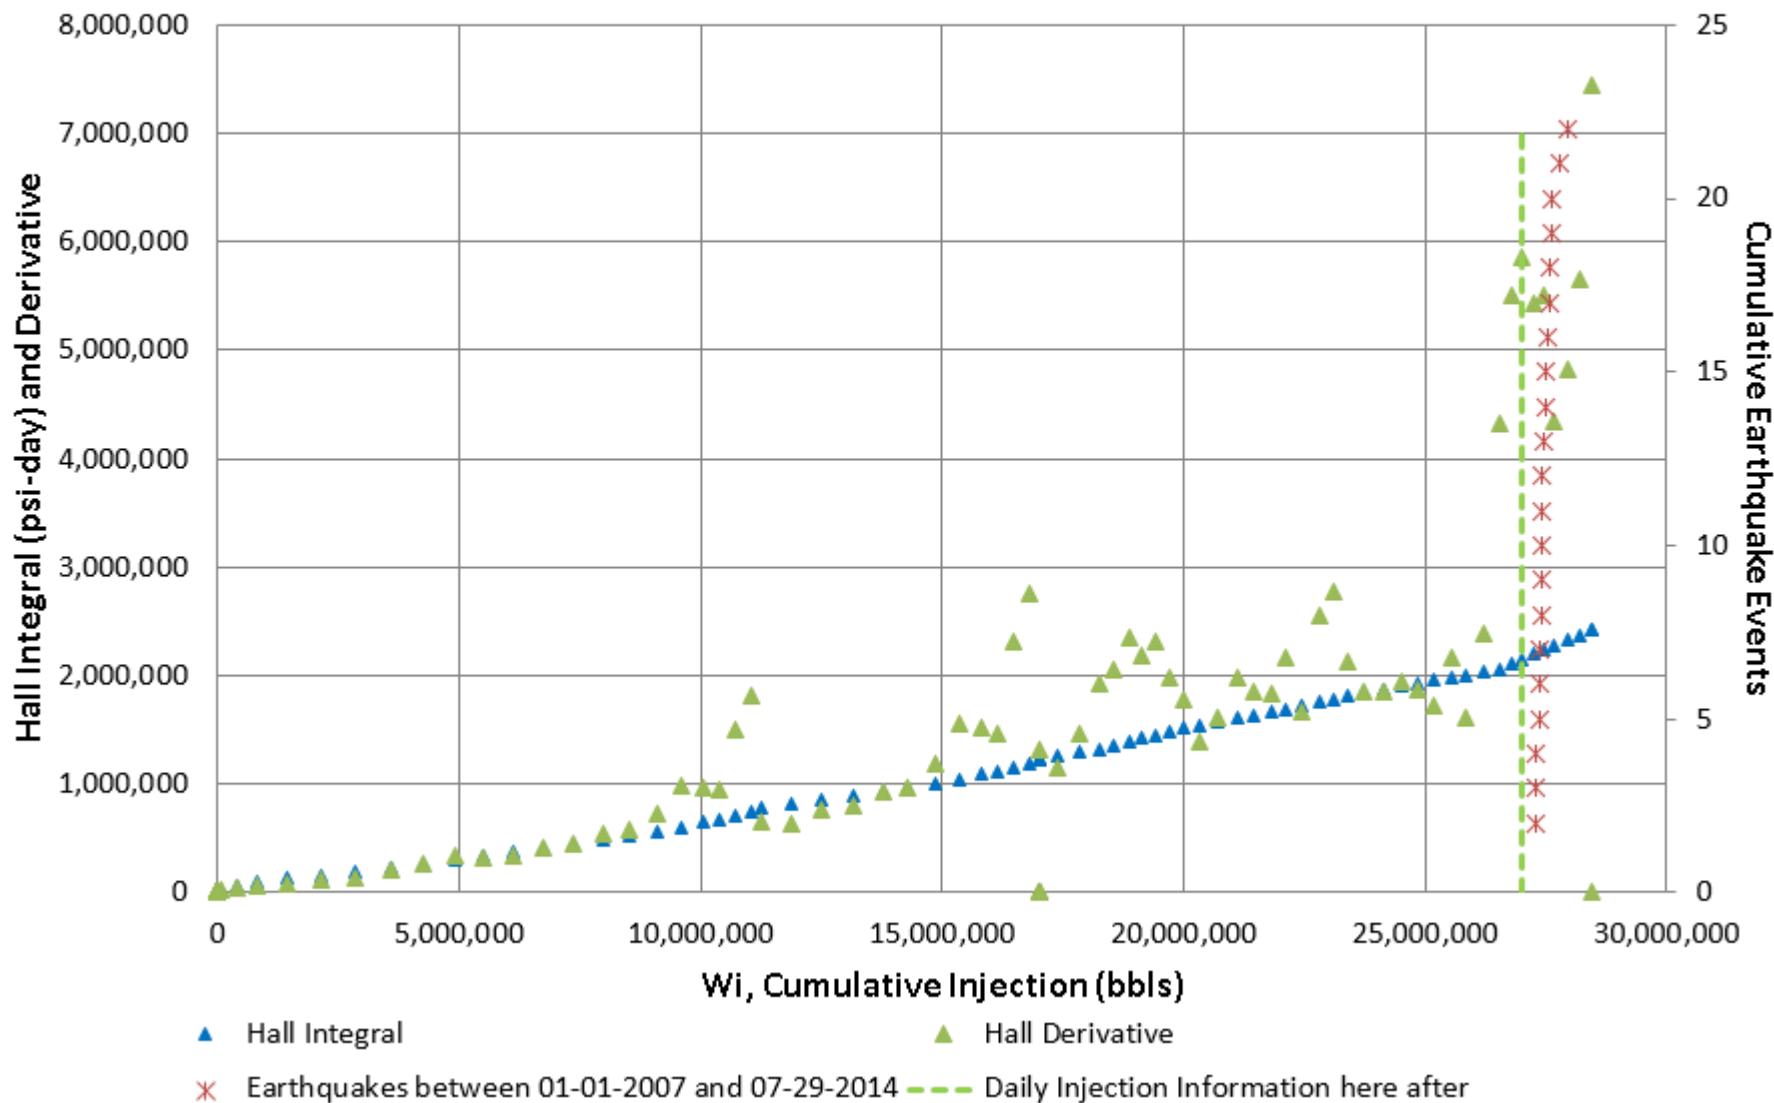

## UIC 100265, West Lake 1

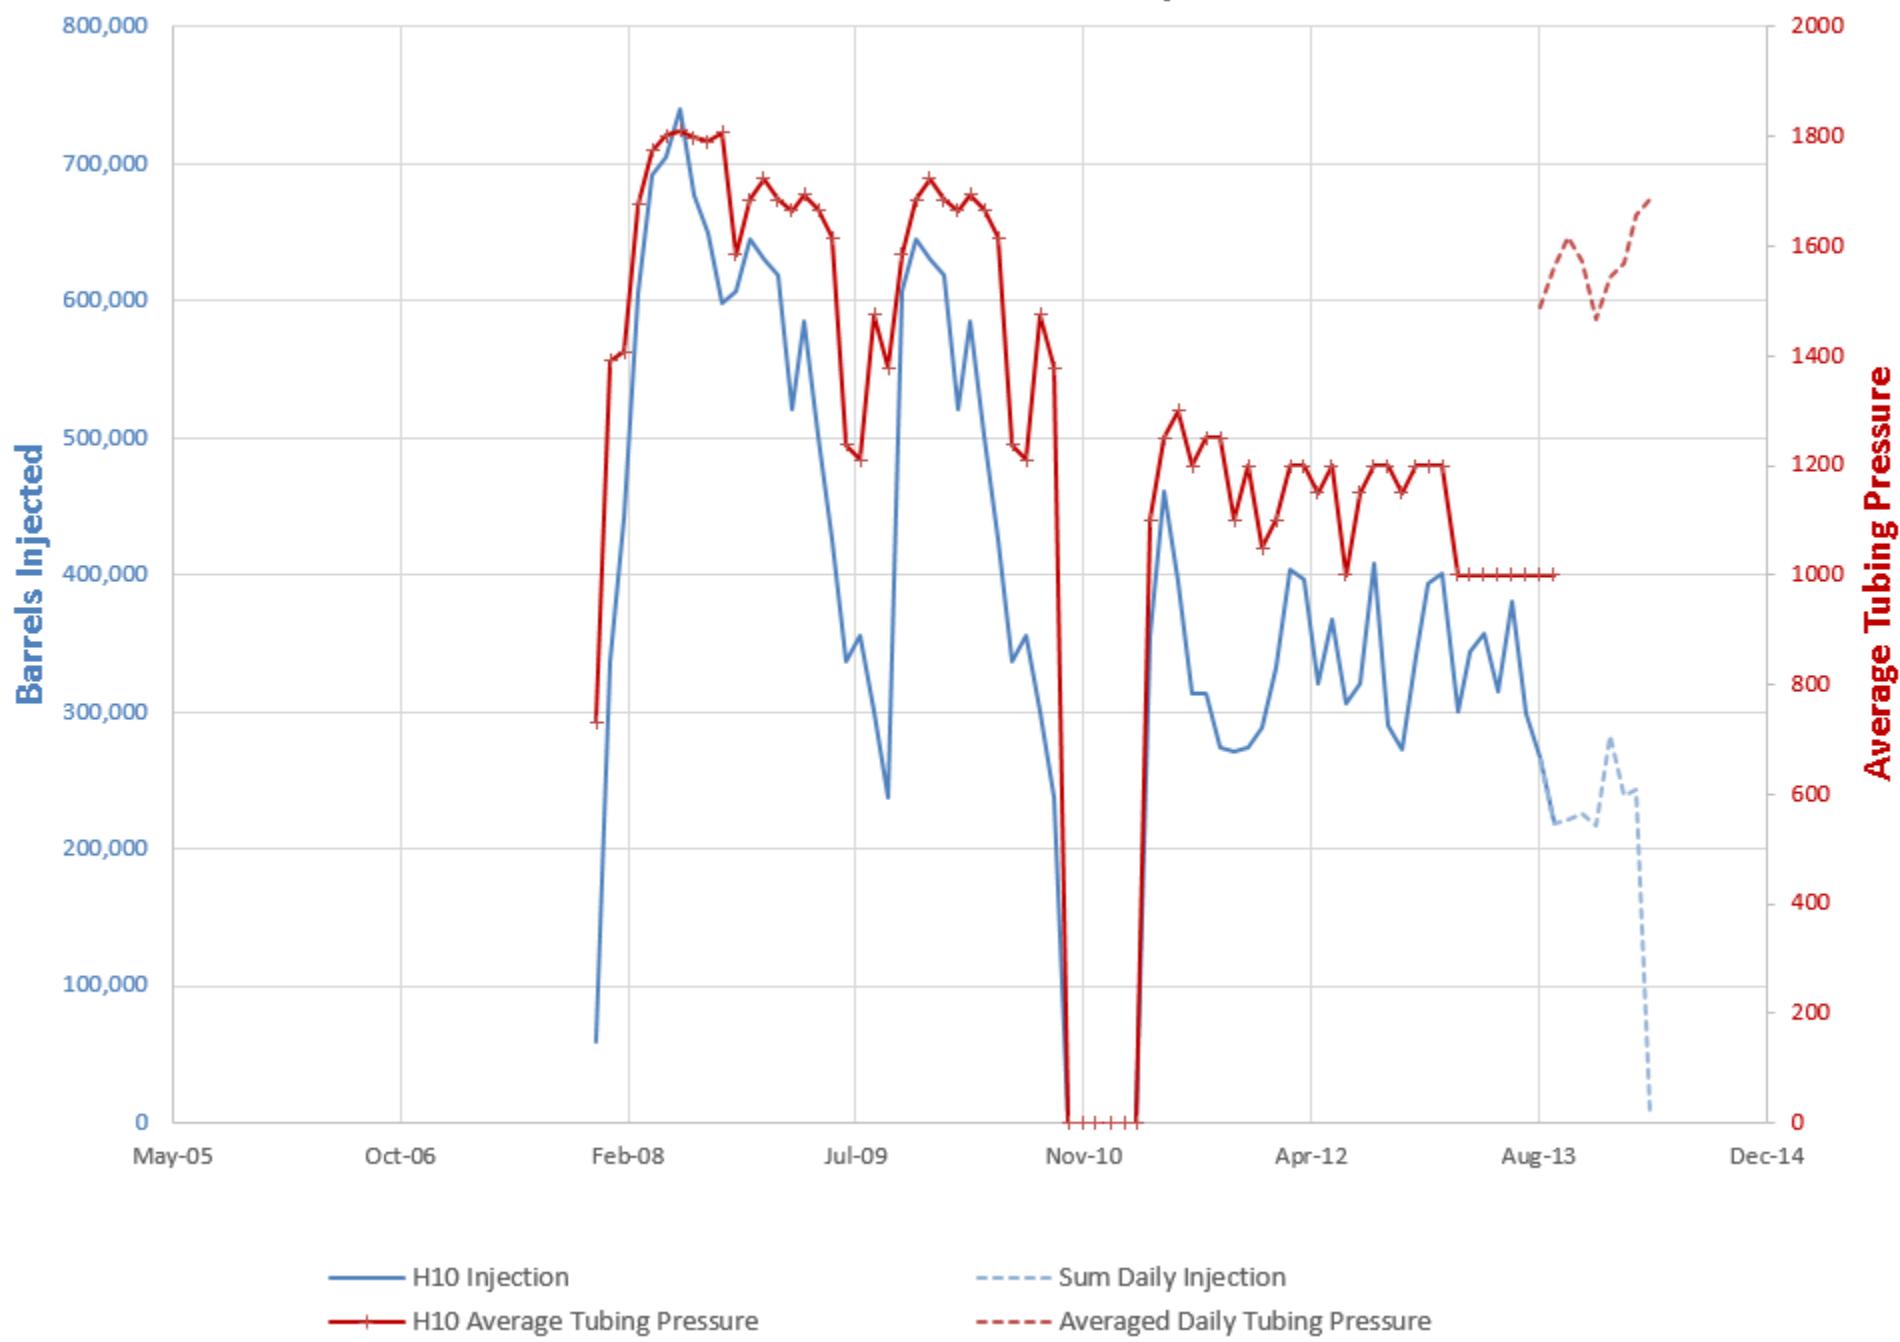

## Parker Salty SWD 1, UIC 97827: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

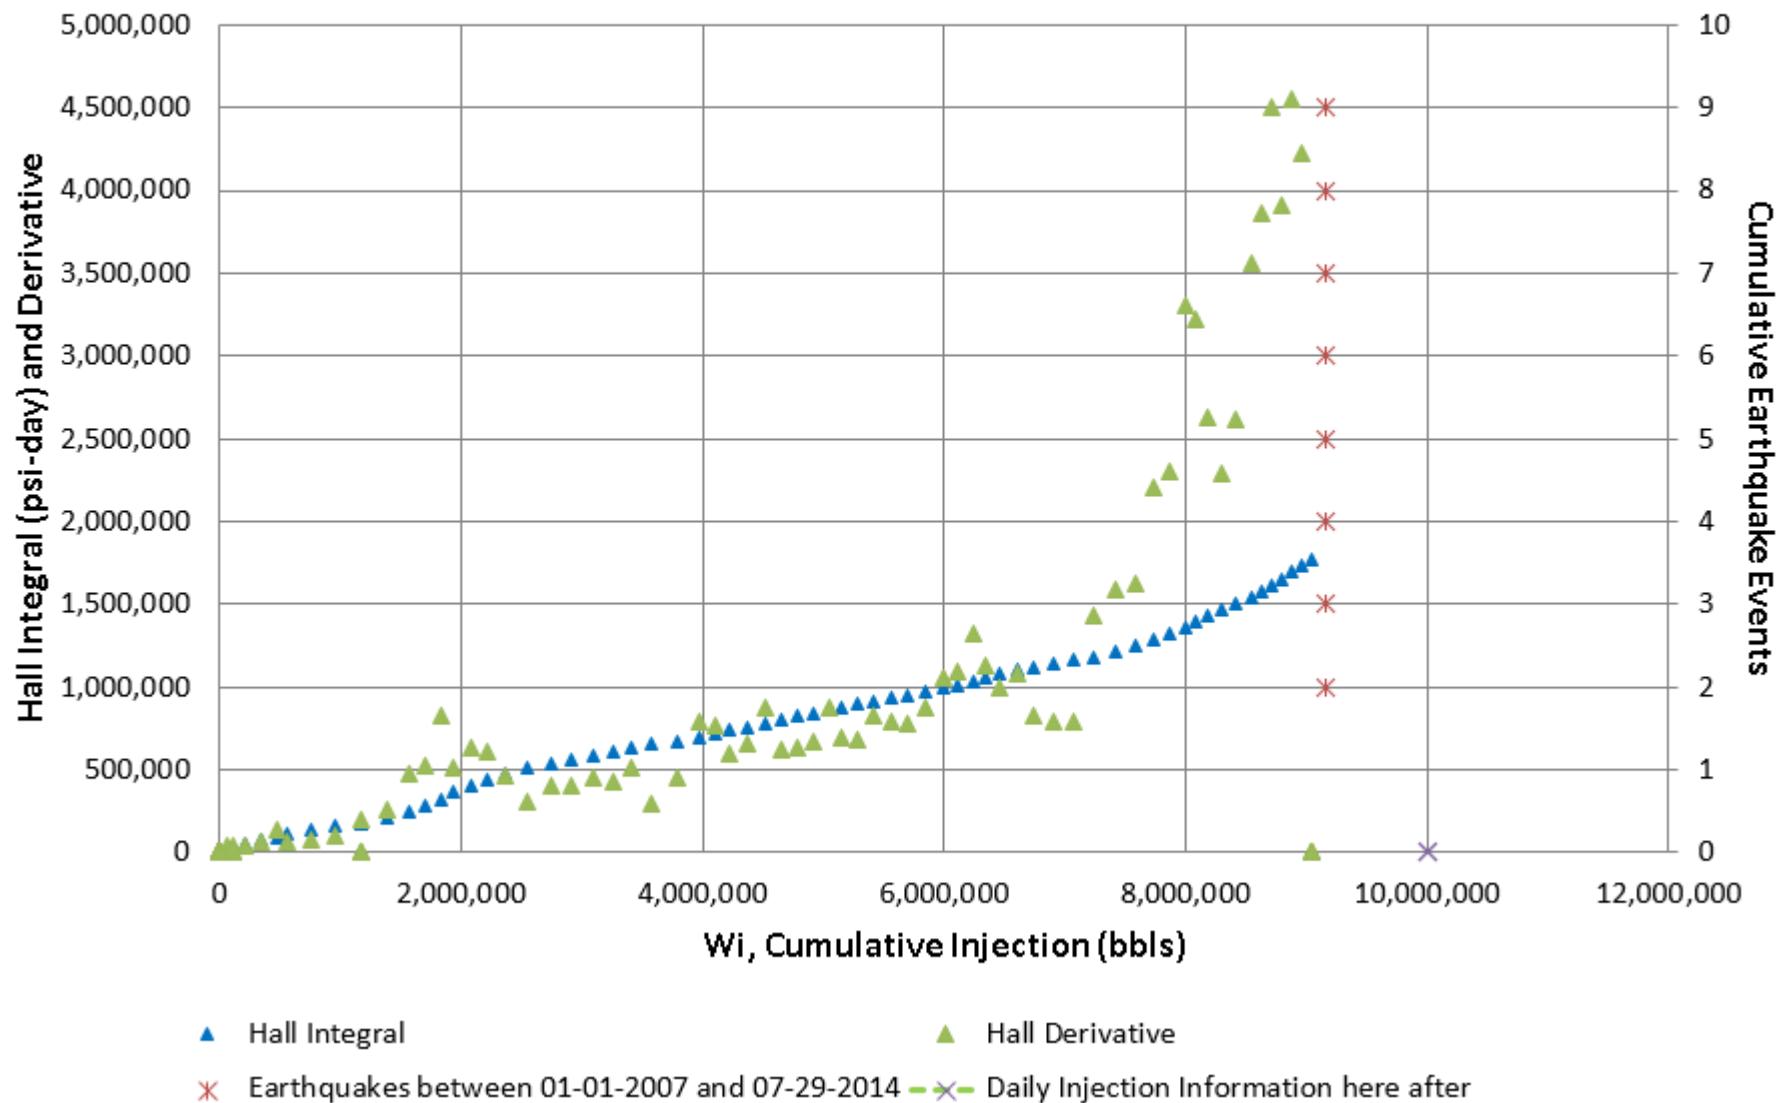

## UIC 97827, Parker Salty 1

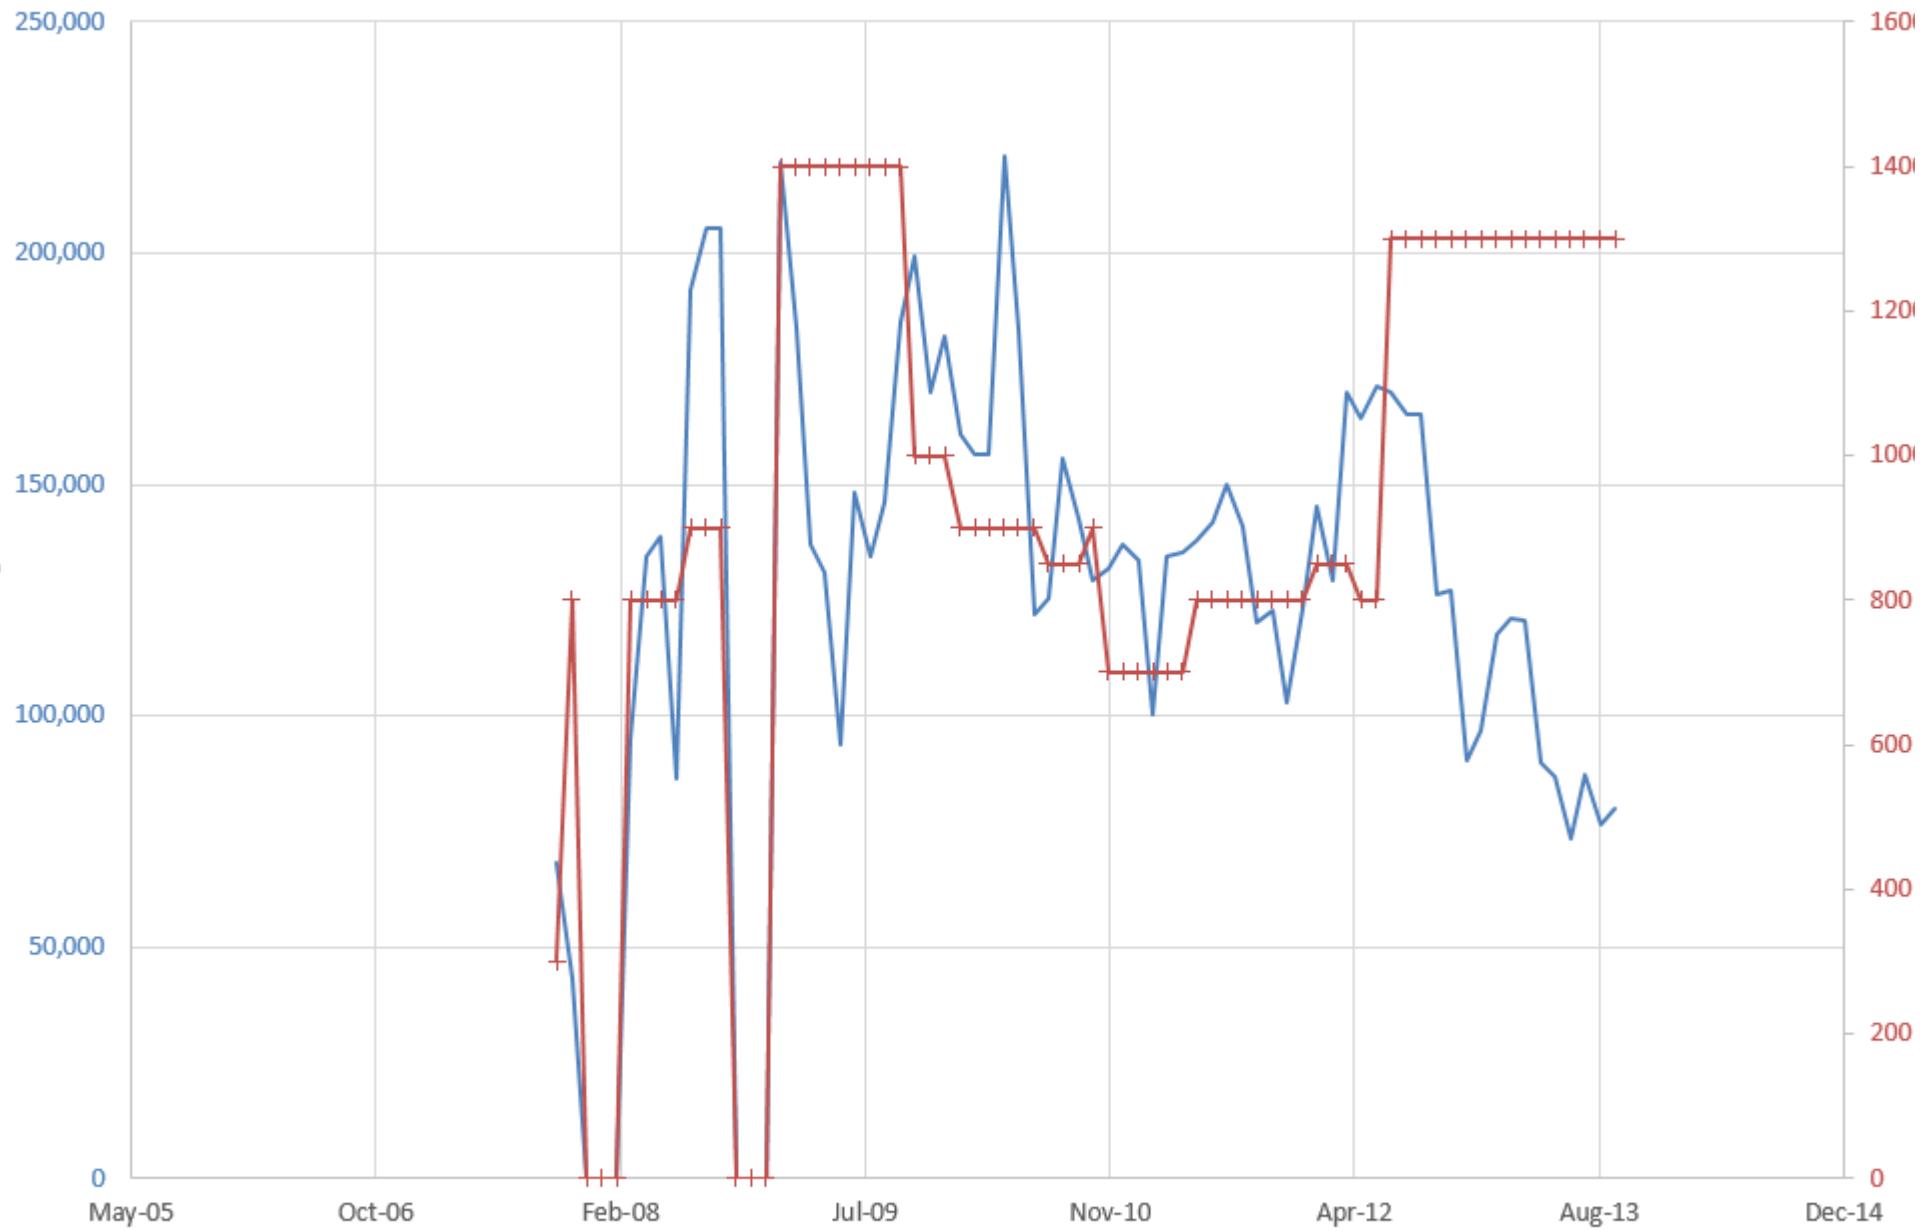

## Angus 2, UIC 96233: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

### UIC 96235, Angus 2

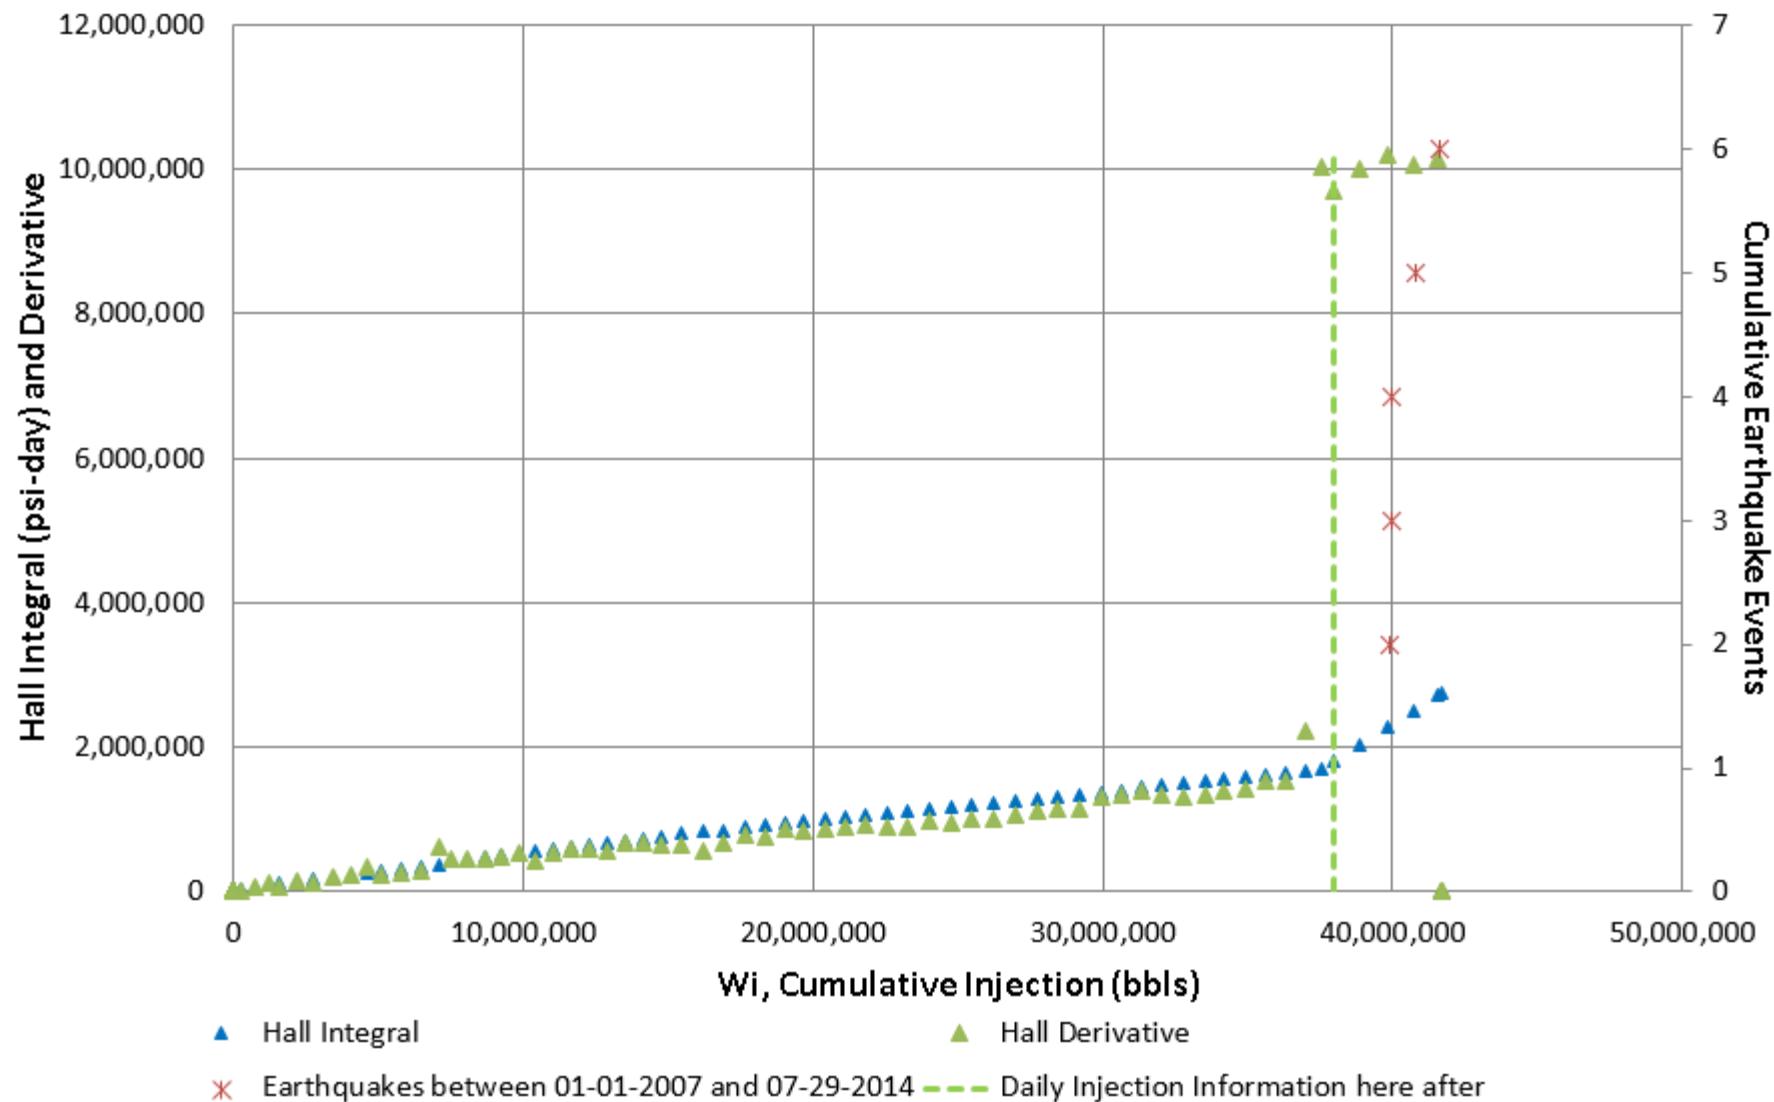

Operator, BARNETT ENVIRO MGMT SVCS, LLC, declined to provide daily data

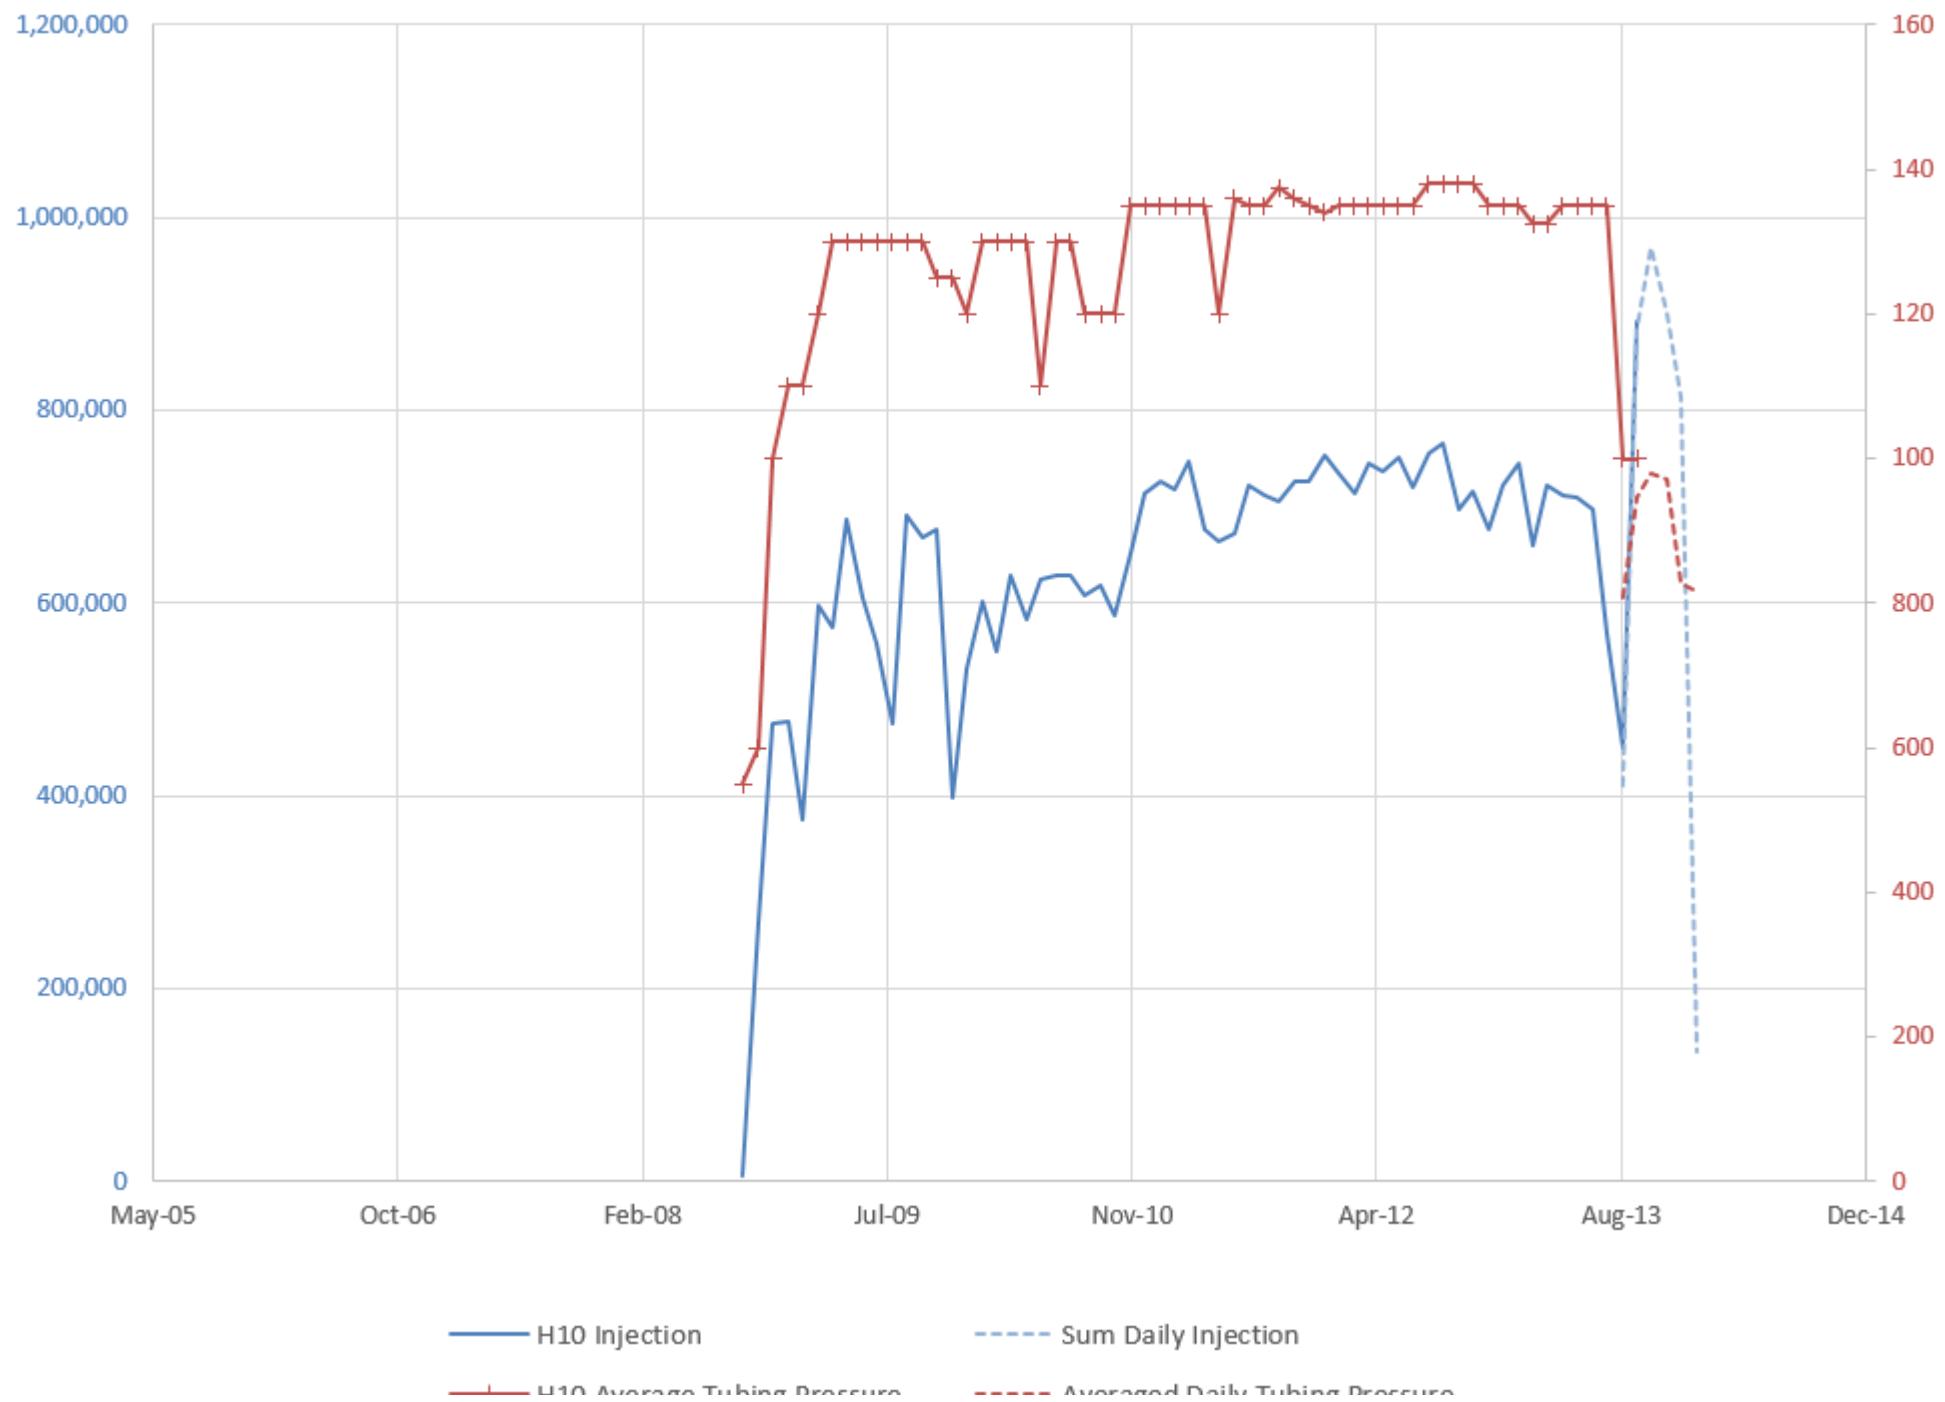

— H10 Injection      — H10 Average Tubing Pressure

## West Tarrant 1, UIC 98070: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

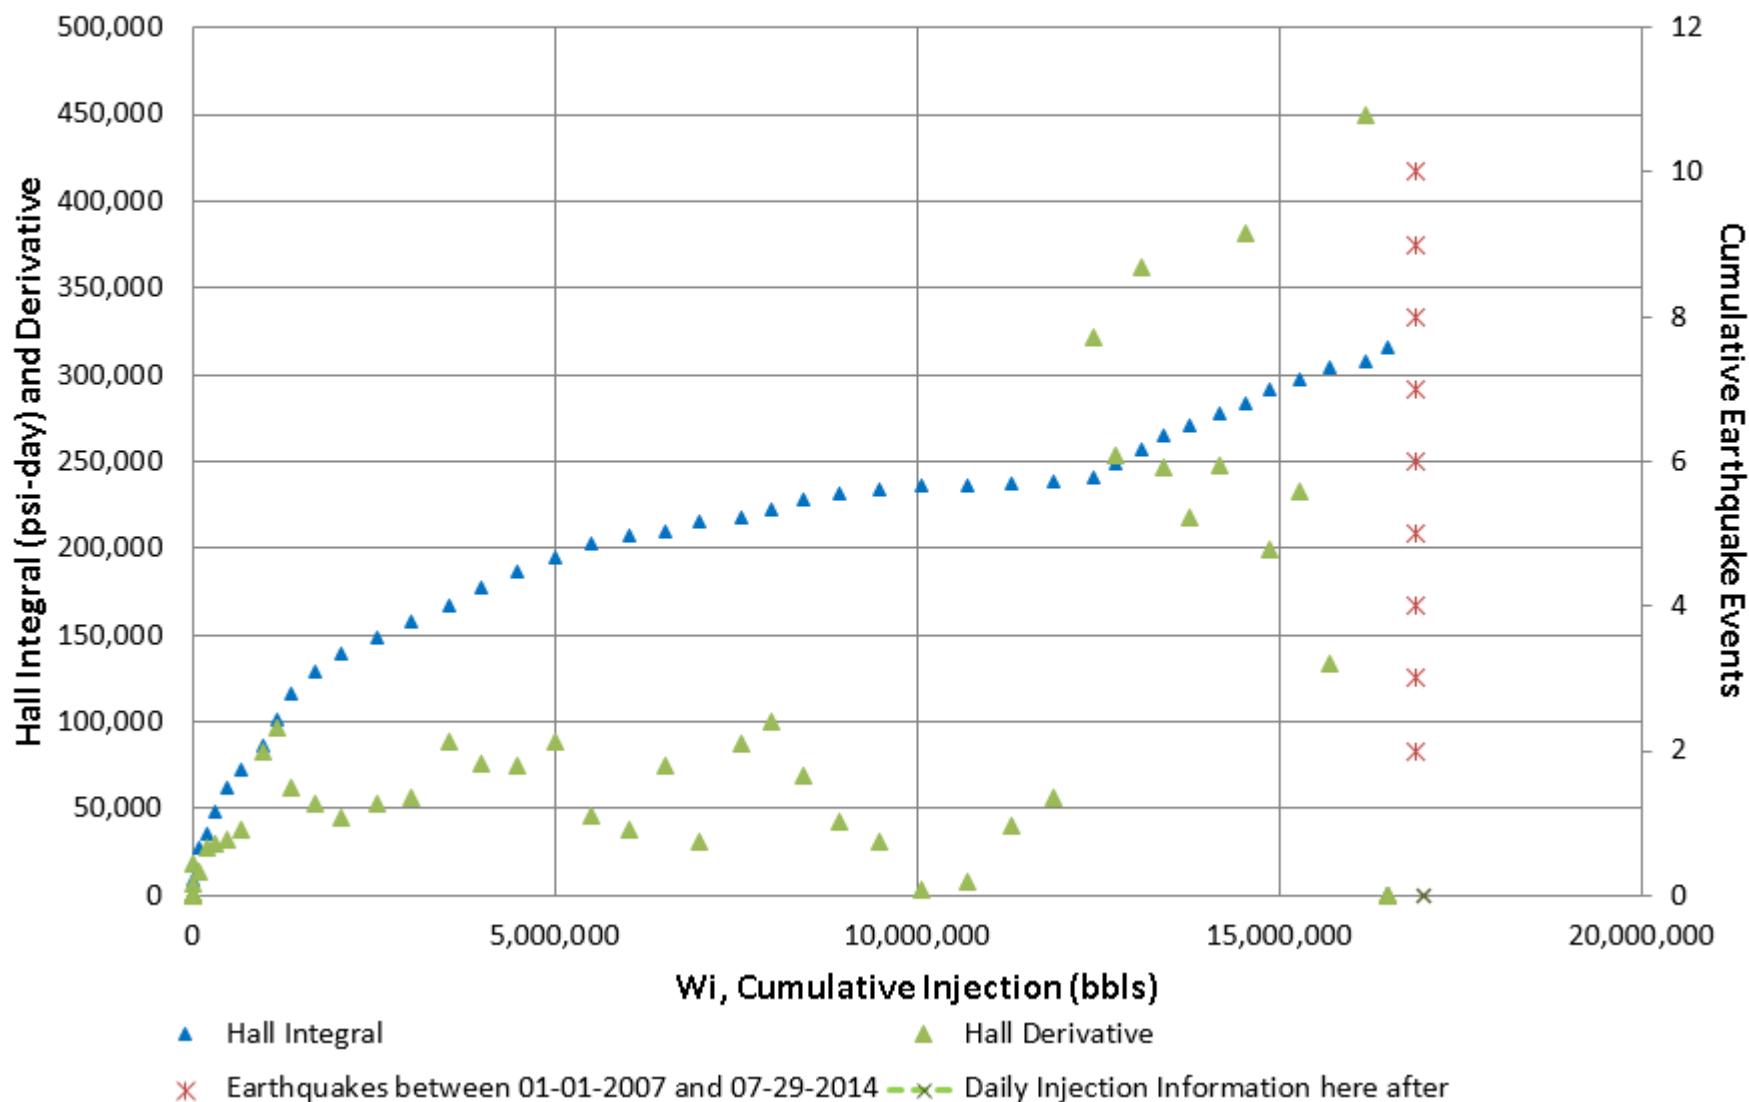

OTC 980/0, west Tarrant 1

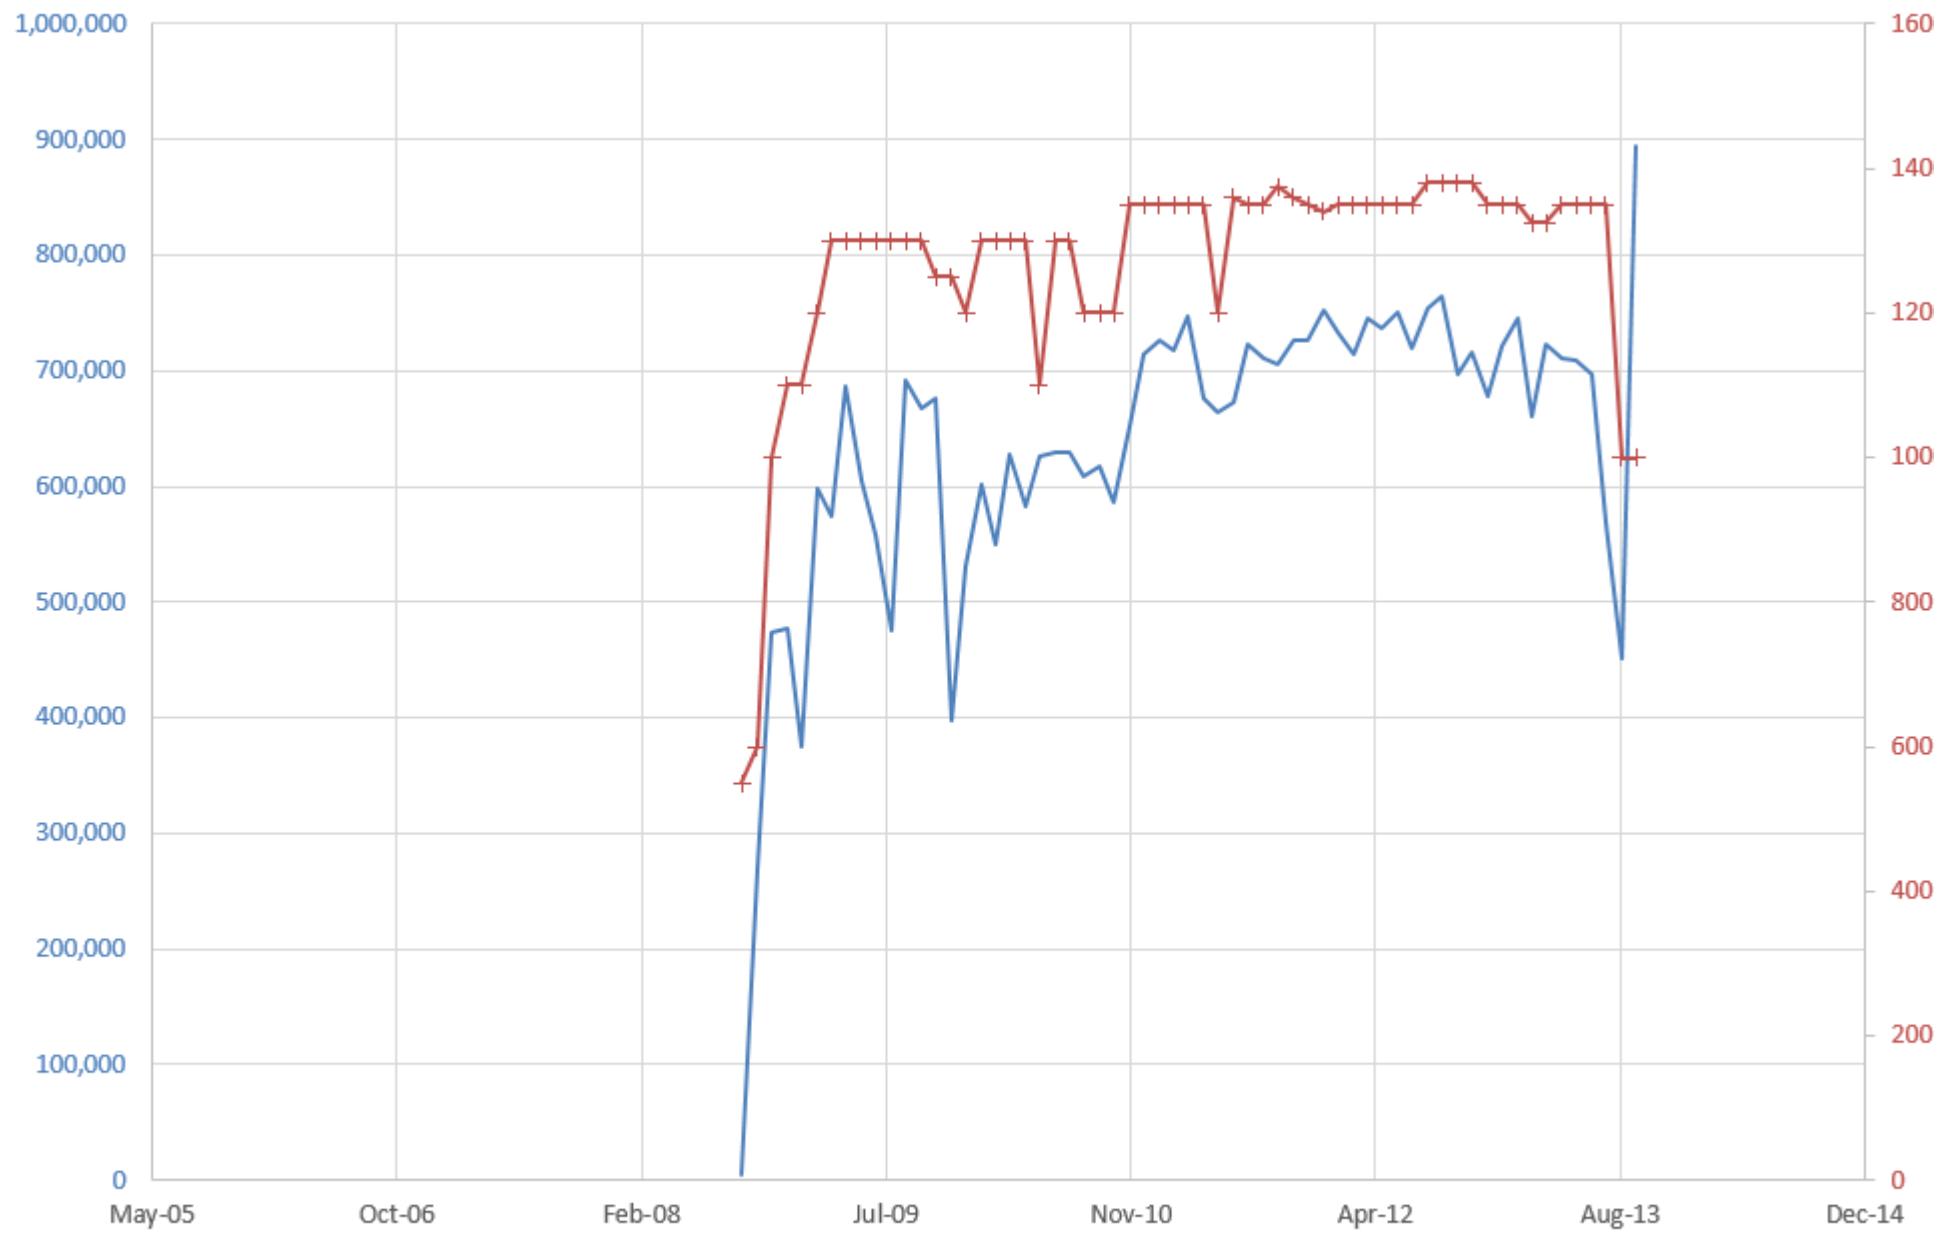

## FEC SWD 1, UIC 99840: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

## UIC 99840, FEC 1

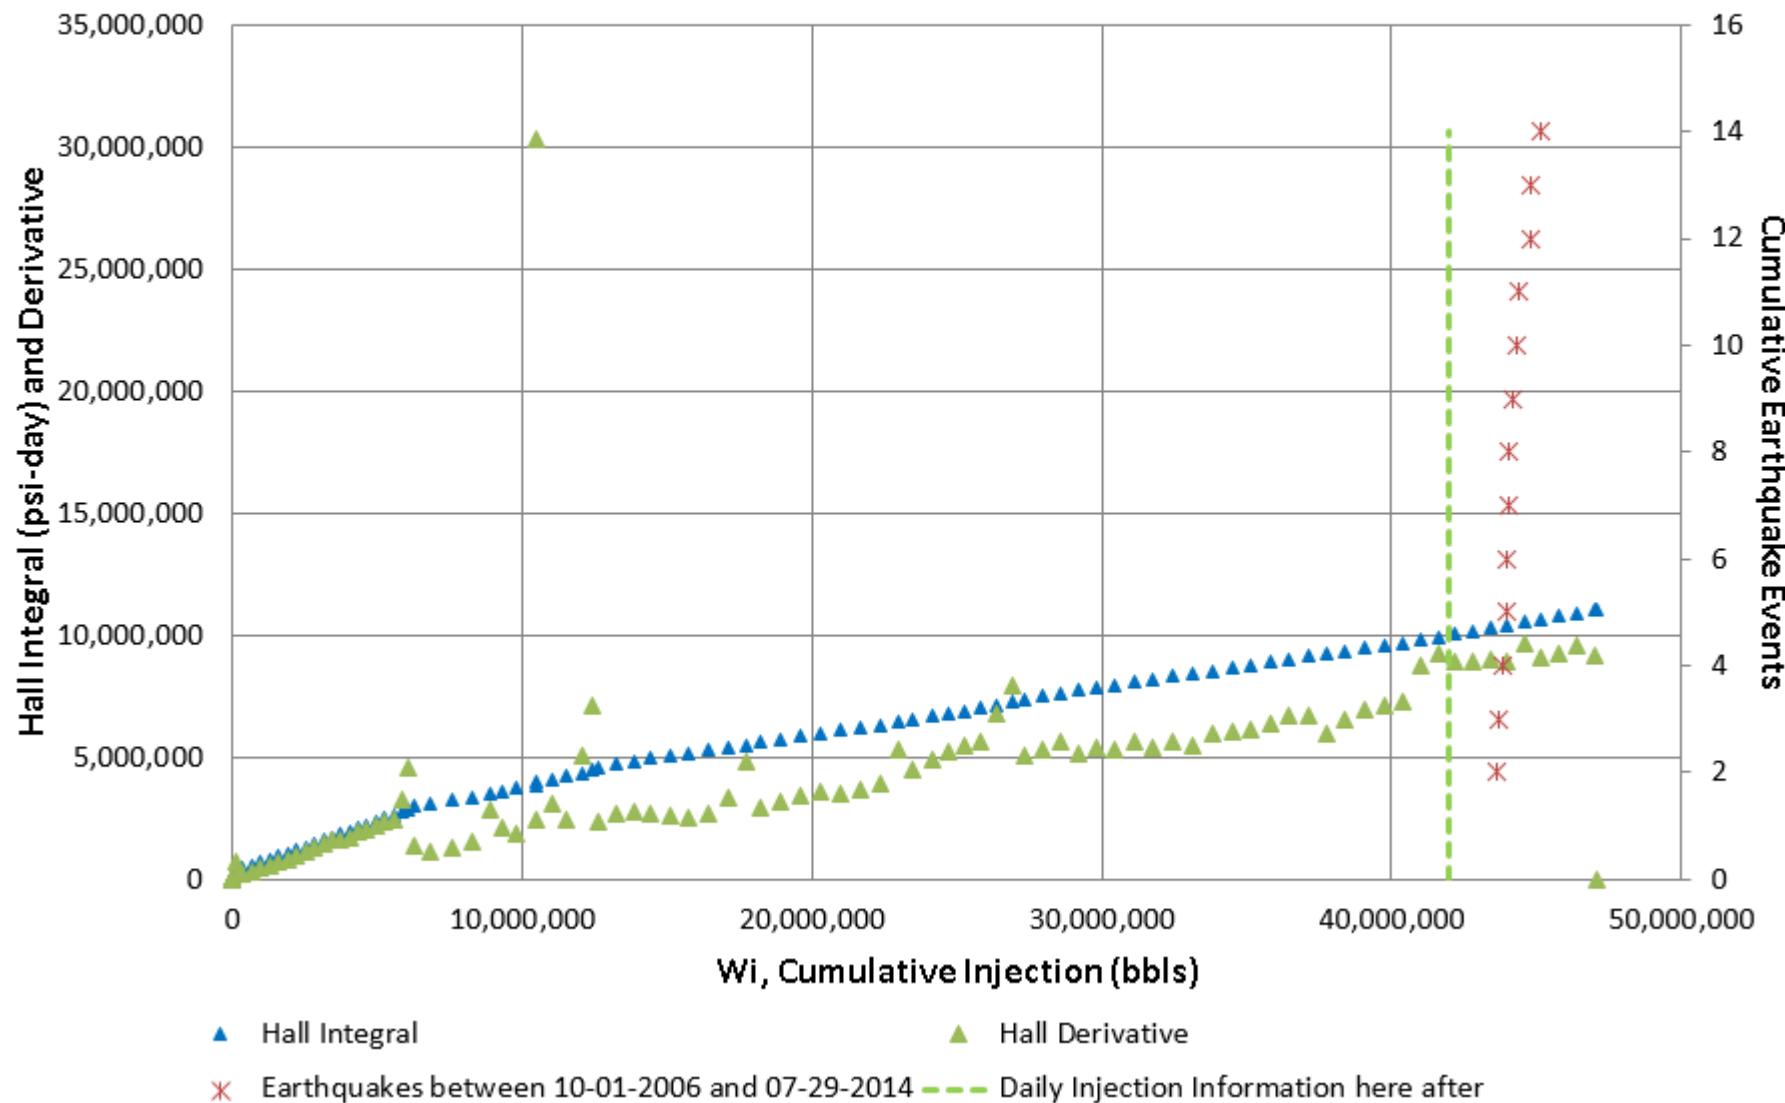

Operator, FOXBOROUGH ENERGY COMPANY, LLC, declined to provide daily data

— H10 Injection

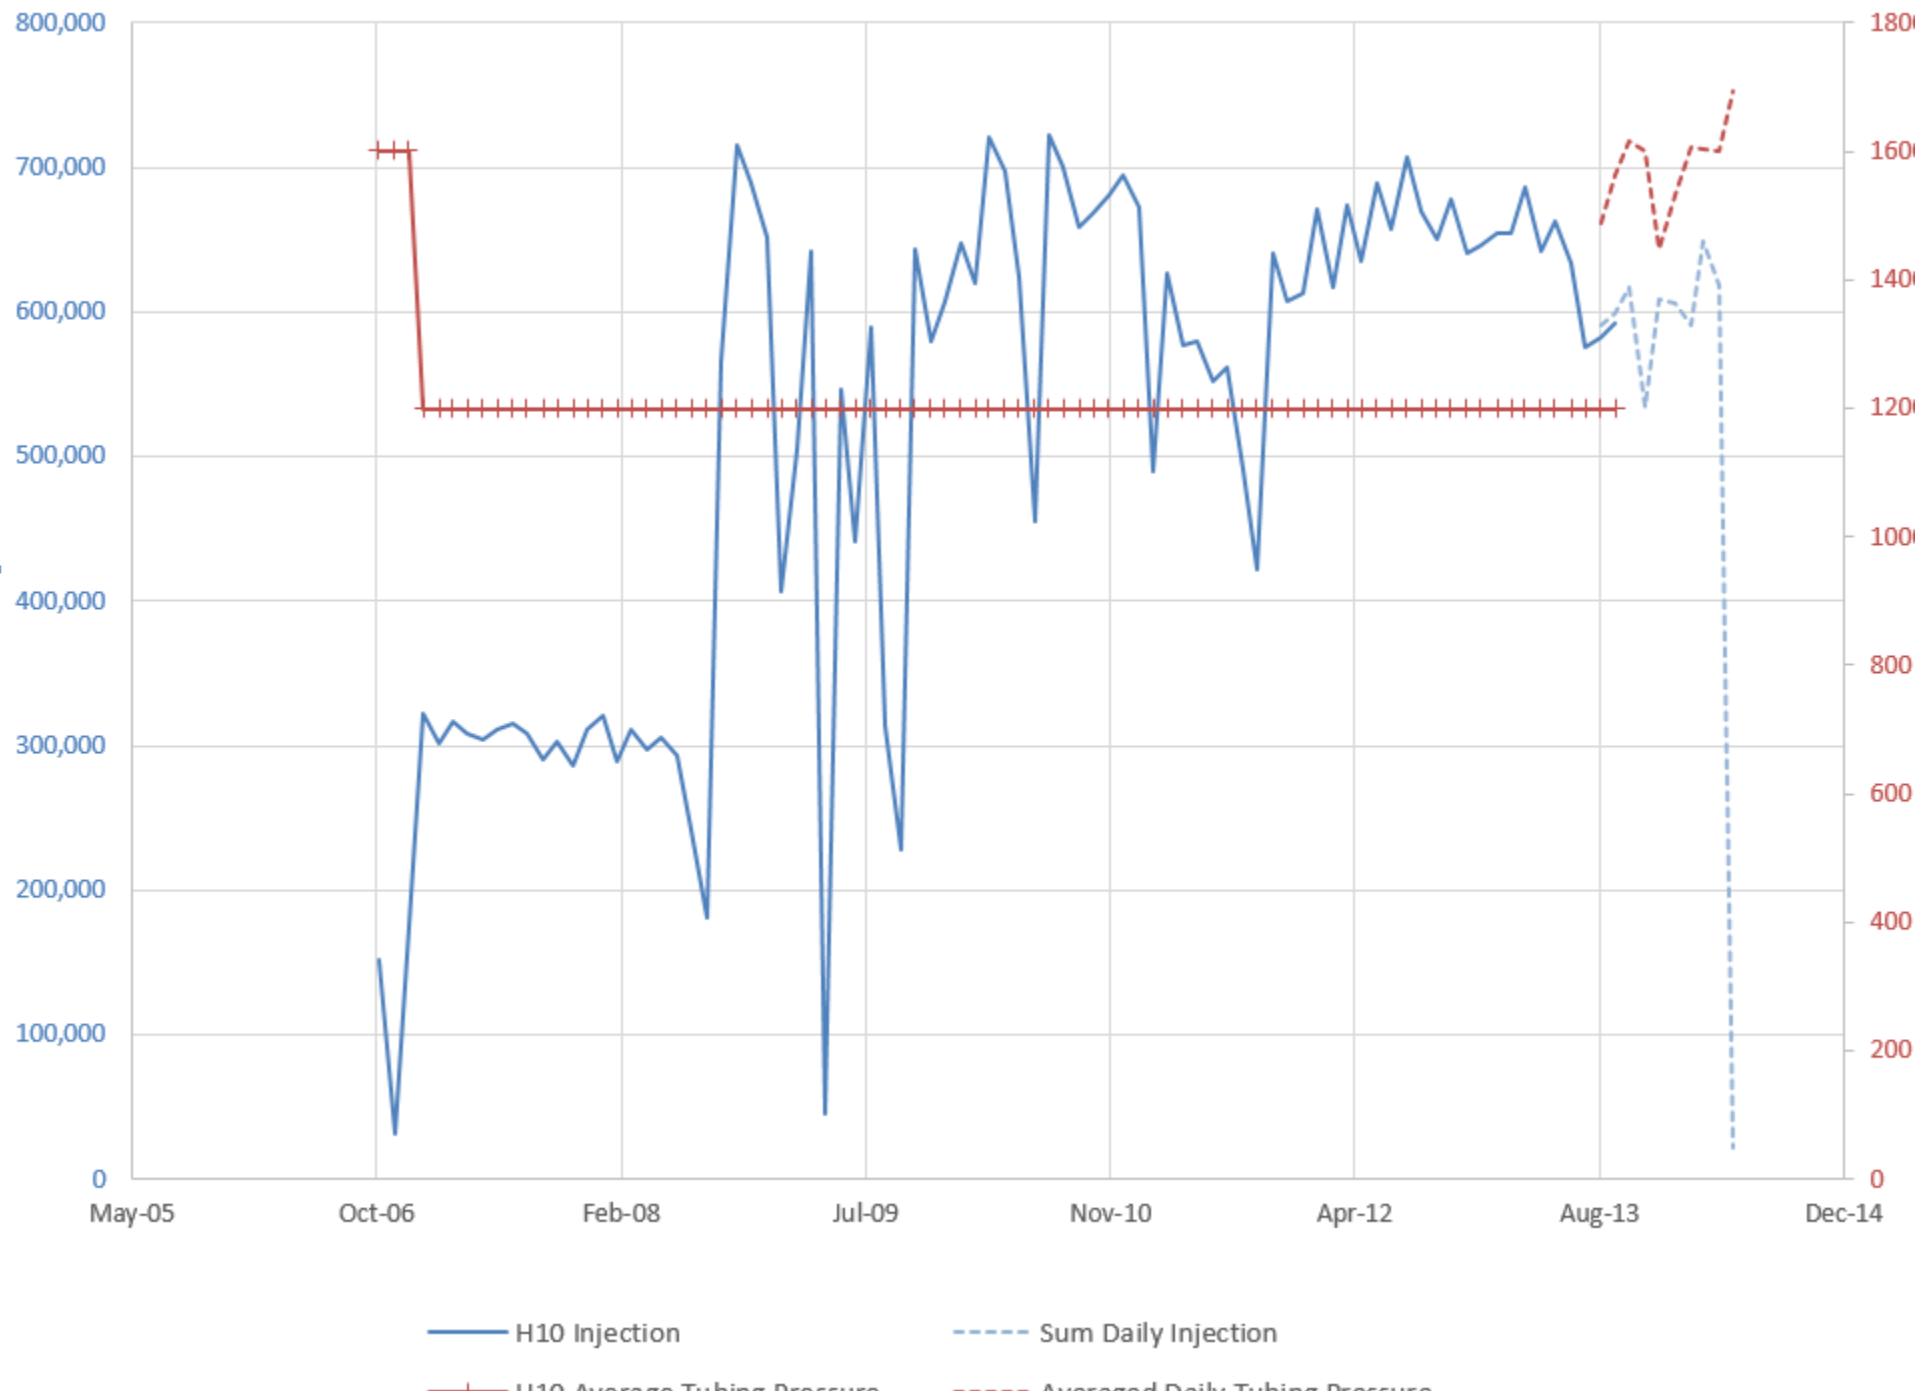

—+— H10 Average Tubing Pressure

## North Tarrant Co SWD 1, UIC 95124: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

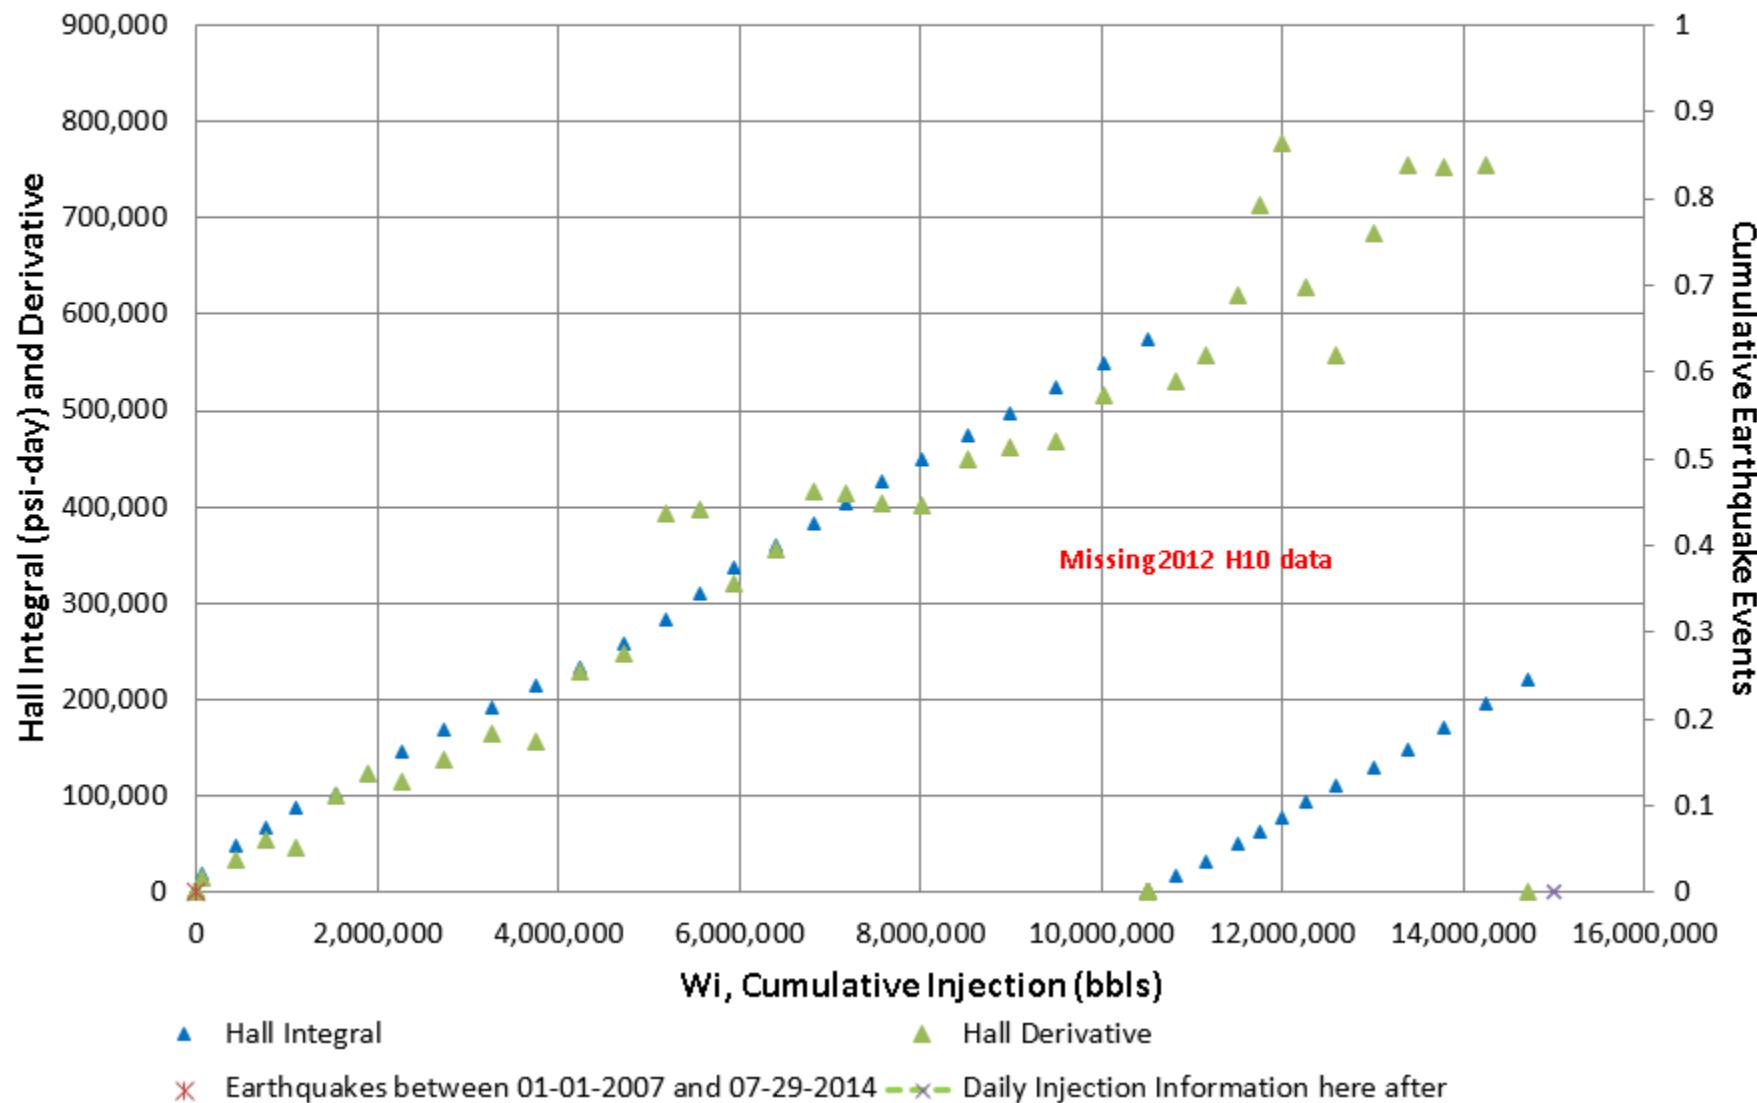

# UIC 95124, North Tarrant 1

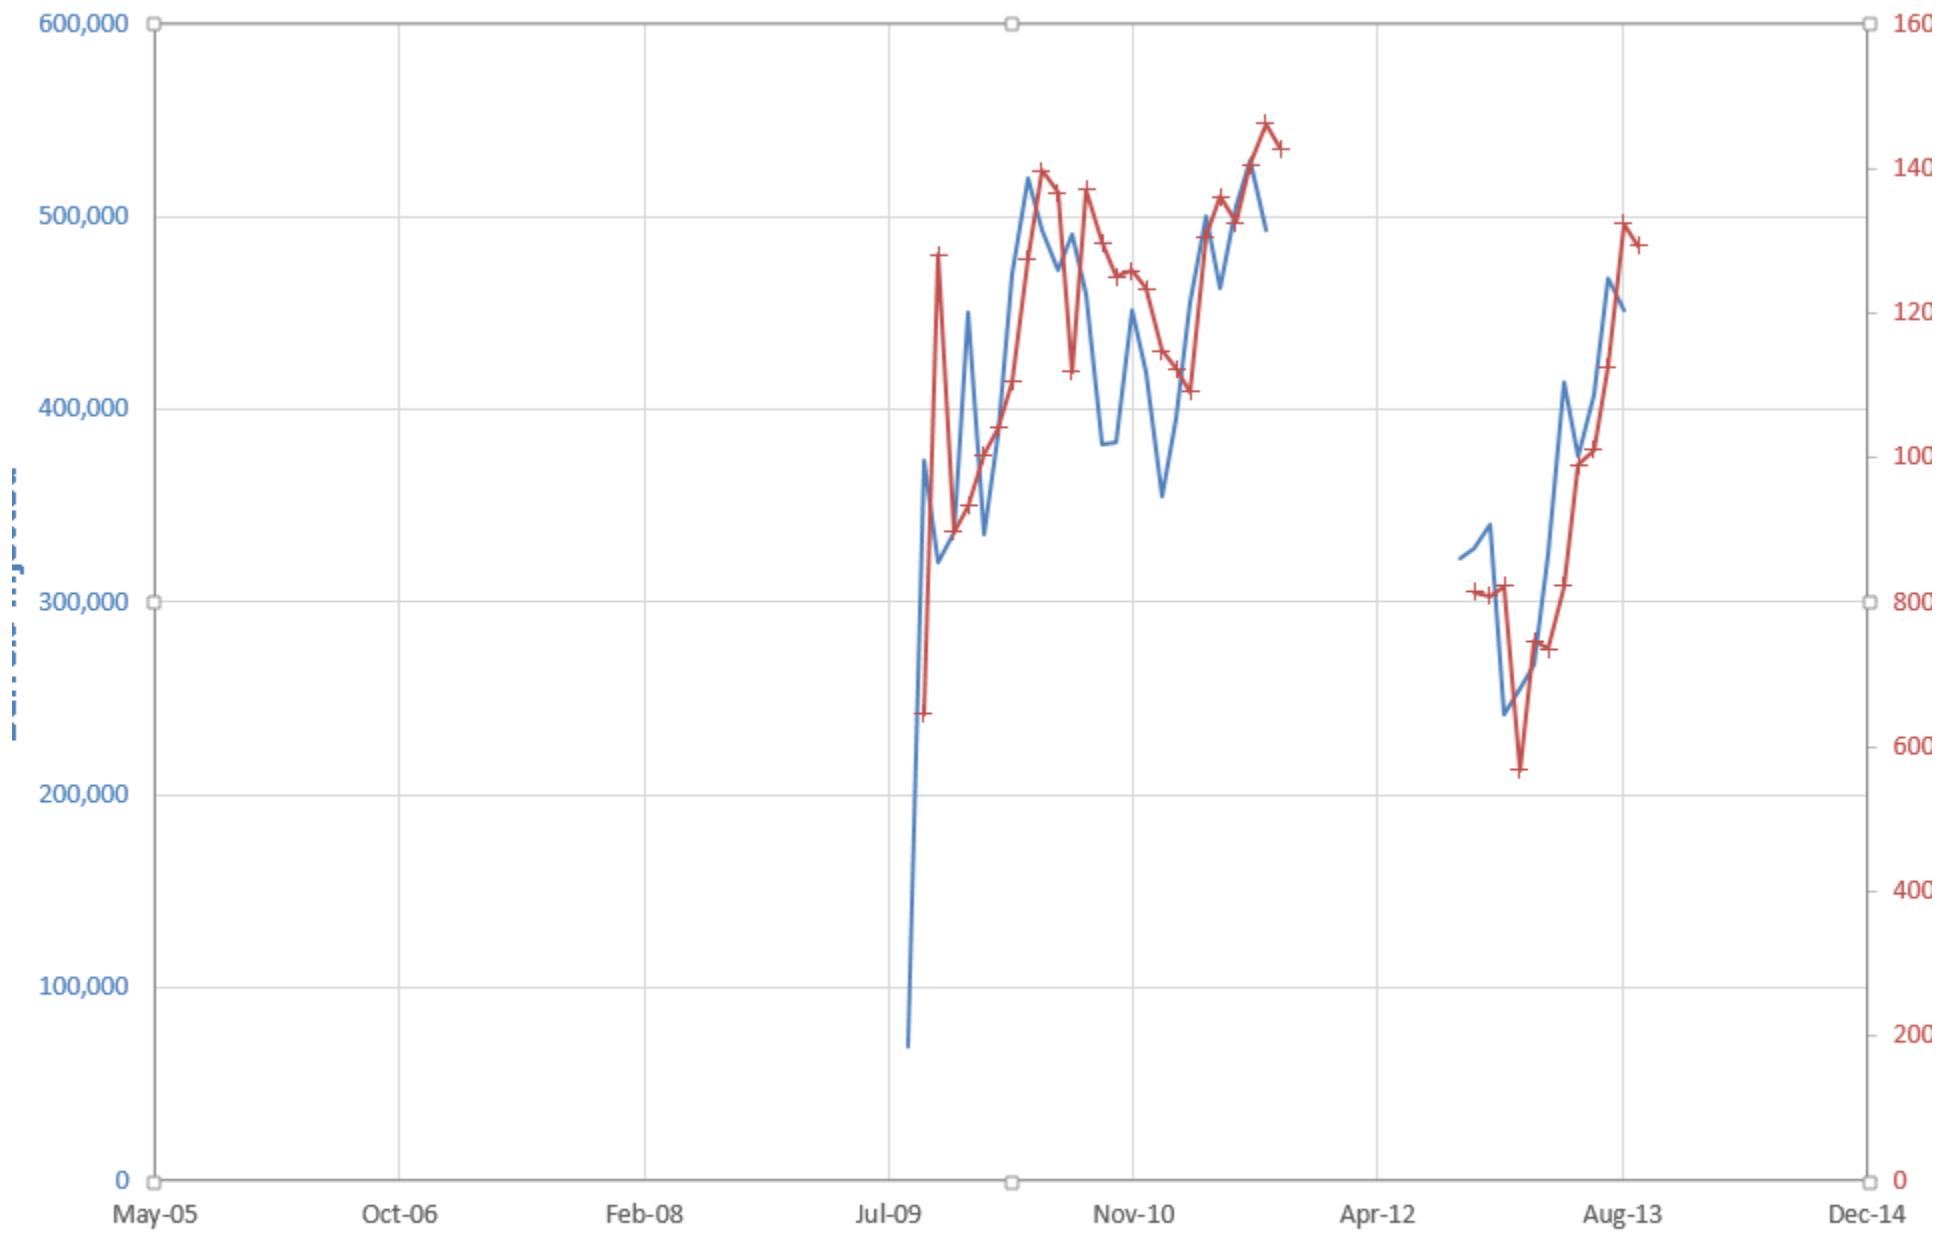

## Alliance AA Brewer WSD 20, UIC 100852: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

## UIC 100852, ALLIANCE BREWER 20

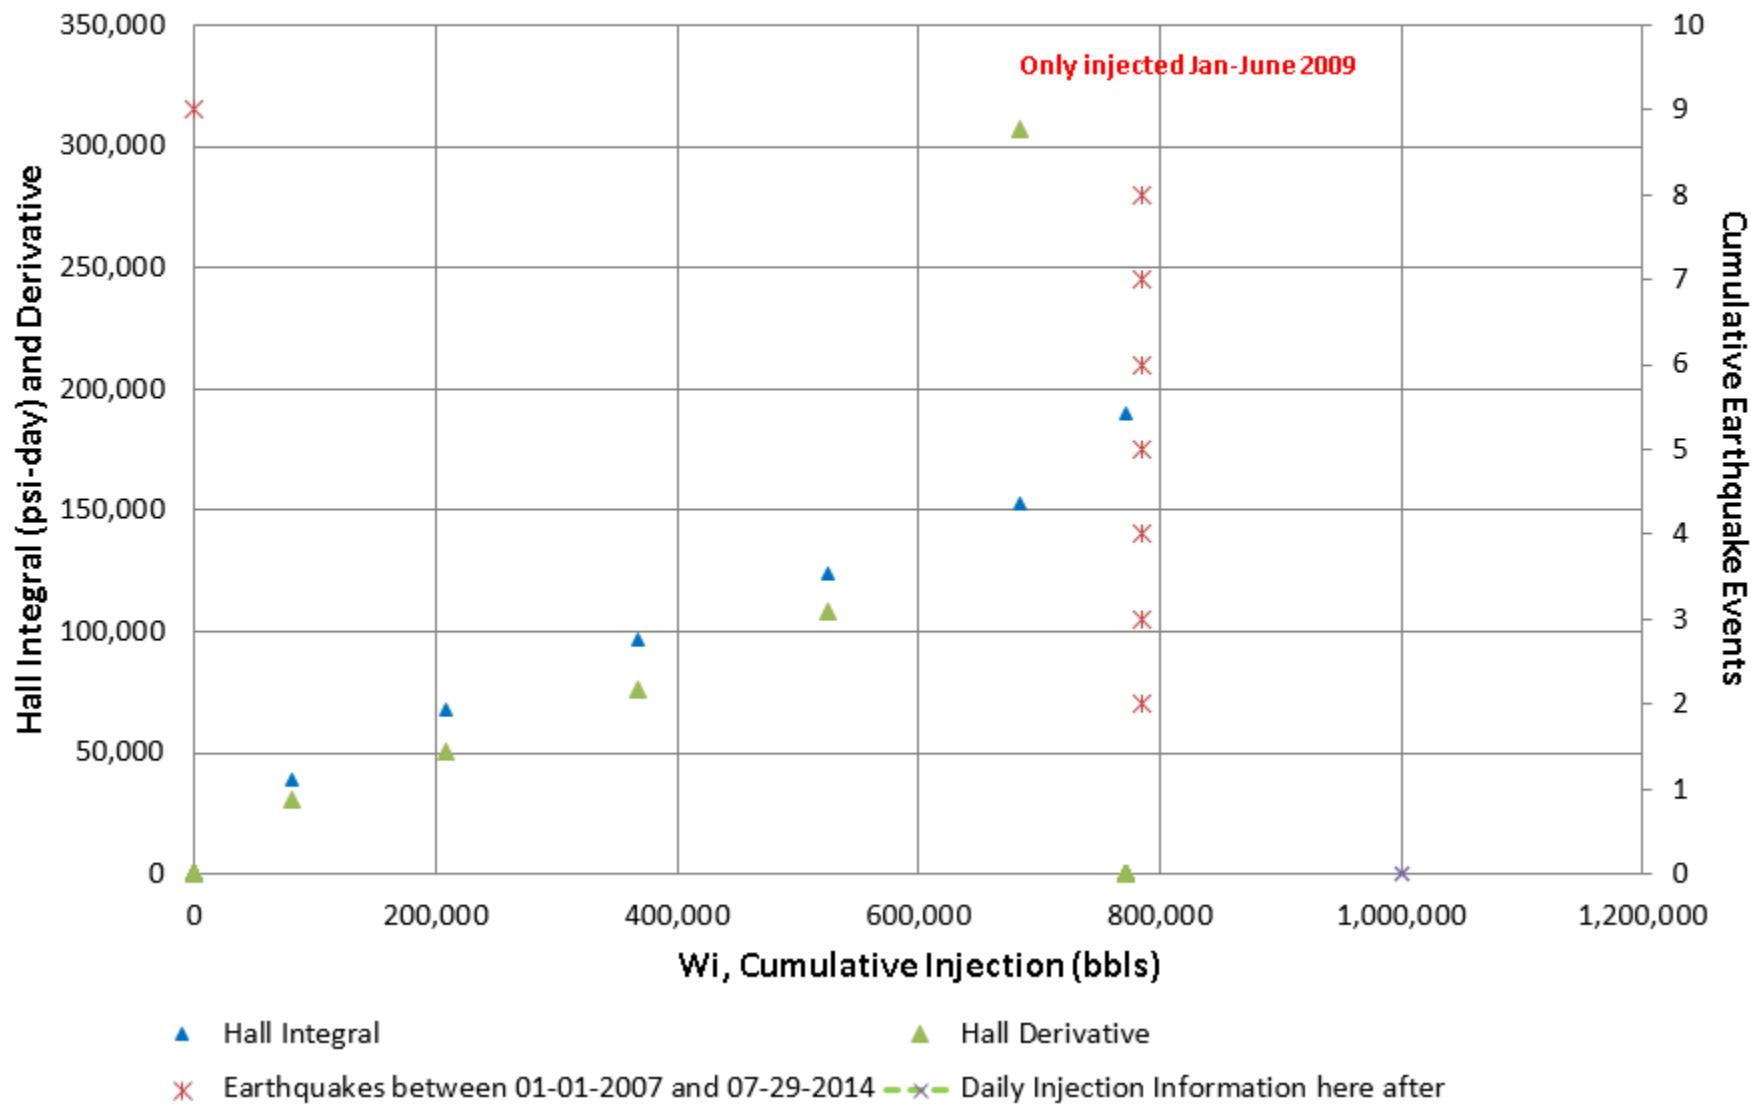

Operator, QUICKSILVER RESOURCES INC., not requested to provide daily data; 2012 H10 missing

— H10 Injection

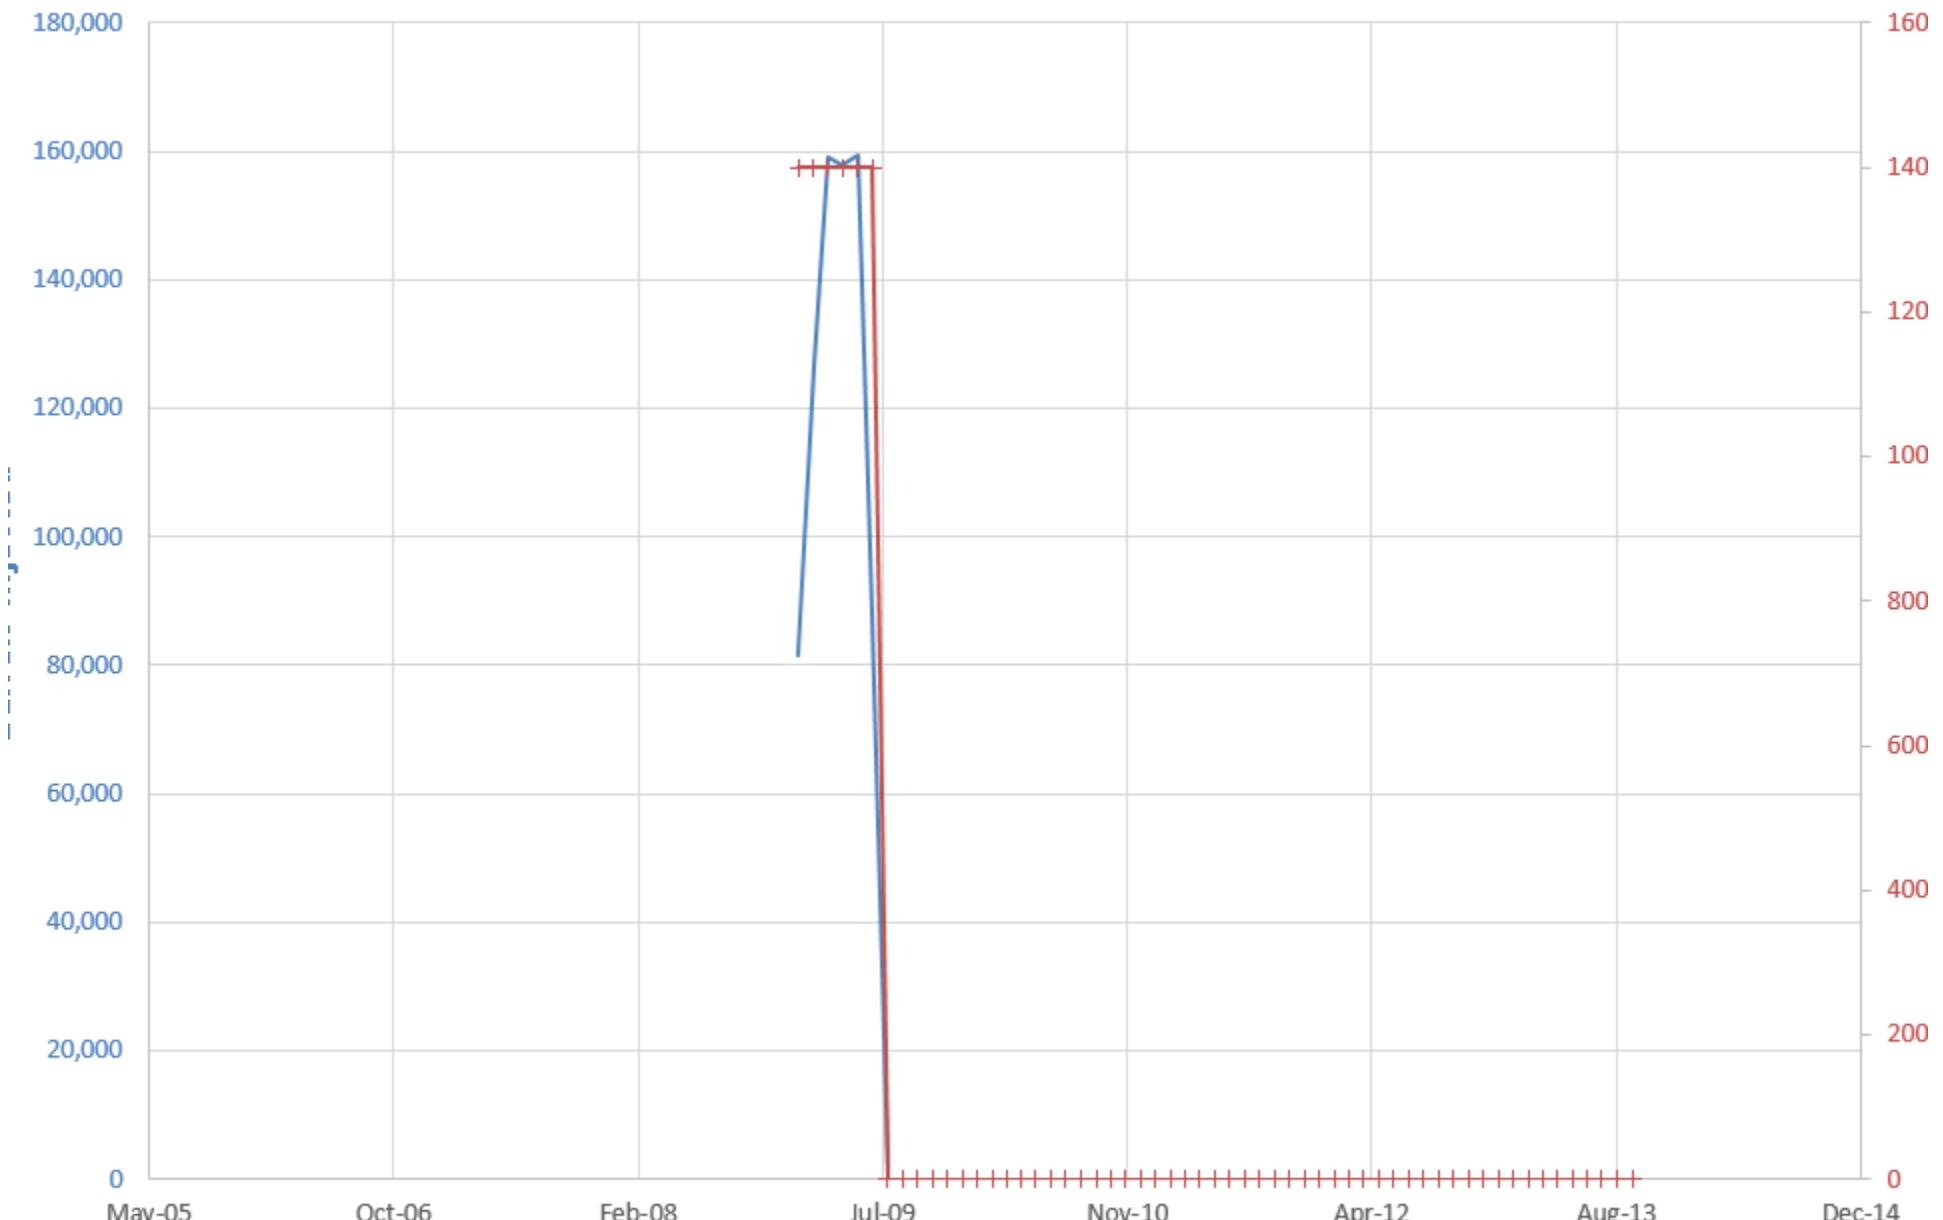

—+— H10 Average Tubing Pressure

## TWJM Springtown 3, UIC 96606: Cumulative Earthquakes within 15 km

Earthquakes showing after Hall integral data indicate no reported cumulative injection entered. Average monthly value used for projection.

### UTC 96606, TWJM Springtown 5

Operator, BARNETT ENVIRO MGMT SVCS, LLC, declined to provide daily data

— H10 Injection

— H10 Average Tubing Pressure
